### Hiking

There are lots of good hiking trails in St. Lawrence County. Some of the best are:

#### Stone Valley

Trail goes along both sides of the Raquette River from Colton north to the Brown's Bridge road and back, making it possible to do a 7.5-mile loop if desired. Trailheads in Colton are on each side of the bridge over the river just above the Colton Dam and parking is available at both places. Dramatic views and overlooks of many waterfalls and rapids and some informational plaques. (<http://northcountrynow.com/hiking>)

#### Lampson Falls

There is a short .8 mile round trip hike in to this tremendous waterfall on the Grasse River, with excellent viewing opportunities. Take County Route 27 south out of Canton, heading towards Degrasse. After crossing the Pierrepont-Russell Road, it is 5.8 miles more. Watch for a large brown DEC sign on the right (west side) for the Grasse River Wild Forest. Park on the roadside and walk down the gated road. About .3 miles in there will be a wide path to the left – this leads to the top of the falls. From there you can follow a trail that runs alongside the river down to the base of the falls, or return to where you turned off and continue on that trail, bearing to the left. When you reach the large pool at the base of the falls, you can find trails that continue left onto the rock ledges directly across from the falls, providing outstanding views. If you watch for trail markers, you can continue walking a bit further downstream along the river. There used to be a wooden bridge across the river and more trails, but the bridge was washed out a number of years ago. Once you reach the site of the old bridge, you can take an old logging road back to the where you parked your car. (<http://northcountrynow.com/hiking>)

#### Red Sandstone Trail in Potsdam

History and scenery combine in this 3.5-mile trail along west bank of Raquette River between Hannawa Falls and Potsdam. Interpretive markers display a map. See where some of the famous "Potsdam Sandstone" came from. Park near the Hannawa Falls Fire Department on Mill St., just off State Hwy 56 in Hannawa Falls. Follow the blue diamond trail markers. Trail terminates at the northern tip of Sugar Island. Return to Mill St. or walk out the dirt roads to the Back Hannawa Road. (<http://northcountrynow.com/hiking>)

#### Southville State Forest – River Hill Trail

A mere 5 miles away, this is the closest hike to the cabin. Turn right out of the driveway and take the first left (Livingston Rd) and follow it to the end in West Stockholm. Turn left and go about 2.5 miles until you see the sign for the Southville Forest. The River Hill Trail is on the right side of the road. This trail is also good for cross-country skiing. It's about 2.3 miles total and can be done as a loop. Part of the trail drops down and follows alongside the river.

#### Robert Moses State Park Natural Trails

Off Route 37, Massena; approx. 6 miles of trails lead to overlook the St. Lawrence River; picnic & collecting areas; free cross-country ski, snowshoe rentals for use on Nature Center trails; info: 705-5022 or [www.massenanaturecenter.org](http://www.massenanaturecenter.org) (<http://northcountrynow.com/hiking>)

#### Indian Creek Nature Center

Excellent bird watching site, with 4.5-mile network of trails, located in Upper and Lower Lakes State Wildlife Management Area between Canton and Ogdensburg. Trail system includes observation tower and bird-blind overlooking the refuge, boardwalk trail accessible to people with disabilities, picnic pavilion, learning center and restroom facilities. Drive northwest on Route 68 from Canton about 4.9 miles and turn left onto route 14 (there is a sign to Rennselaer Falls). Proceed about 3.9 miles to a parking area turn off on the left and watch for signs. <http://www.indiancreeknaturecenter.us/> (<http://northcountrynow.com/hiking>)

Just outside St. Lawrence County:

#### The Pinnacle

Recently opened and marked half-mile hike up a small mountain just outside of Santa Clara perfect for beginning hikers and children. Open rocky cliff with views towards north and west. Take Route 11B east from Potsdam, turn south onto Route 458 in Nicholville. Continue past St. Regis Falls and about 1/4 mile after crossing bridge over St. Regis River in Santa Clara. Watch for a dirt road to the left with a large brown DEC sign. Turn left onto the road and follow signs for about two miles to parking area. Trailhead is directly across from the parking area. Due to regulations related to the Santa Clara Tract Easement, trail is closed to the public during big game season for deer. (<http://northcountrynow.com/hiking>)

#### Azure Mountain

The fire tower atop Azure Mountain has recently been restored by the Azure Mountain Friends, making this a popular two mile round trip hike. Elevation is only 2,518 feet, but this little mountain offers fantastic views of the High Peaks region to the south and east. A volunteer fire tower interpreter is often on duty on weekends to answer questions about the tower and can help identify distant mountains. Great hike for kids, but it is steep and caution should be used on the open cliffs on the summit. Take Route 11B east from Potsdam to Nicholville, then turn south onto Route 458. About four miles past St. Regis Falls, turn right onto Blue Mountain Road. Continue about 7 miles and watch for the small sign and trailhead parking area on the right. ### Canoeing and Kayaking

At one time the small rivers of the North Country were the focus of commerce. Today, the rivers are quiet; the surviving mills are no longer the center of activity. Few if any other areas can offer so many rivers with such easy and numerous access points. There are more than 200 rivers, ponds and lakes in St. Lawrence County and also part of the Adirondack Park, which boasts more than 3,000.

As the rivers finish their rush out of the mountains they begin but never fully settle down. Waterfalls and low water rapids are numerous along all the rivers and dams often block the way. Motorboats play in the longer sections of river but most rivers see light if any traffic.

You hardly need a guide to canoe or kayak in the area. Every stretch of river is worth exploring and usually has easy access.

**Closest to home:** You need to take only a few steps from the cabin door to access a nice 1 mile kayaking experience on the St. Regis River. Head down stream until you see the bridge. Don't go past the bridge unless you want to run some class III rapids!

Some other favorite options:

#### **Lower Oswegatchie River**

Starting near Gouverneur and flowing 65 miles to Ogdensburg, this section of the Oswegatchie is a gentle section. The river is wide and slow-moving here as it passes through rolling hills, rock ledges, marshes, and pasture land. There are scenic cliffs along the shore near Oxbow. There are carries at the dams and most of the rapids can be portaged or run by experience paddlers. There are various access points along the route to create varying trip lengths.

#### **Grasse River: Canton to Madrid**

Canoeing from the boat launch on Route 68 just outside the village of Canton to the dam in Madrid. This is a full-day trip of about 12 miles.

#### **South Branch Grasse River**

16 miles, 5 portages, access is off the Tooley Pond Road at various points.

#### **Raquette River: Potsdam**

The dam in Potsdam backs up the river nearly two miles and is a great place for a quick paddle or fishing. Access is in Ives Park, behind the Clarkson Inn, 1 Main Street, and there is a public parking area next to the Inn's parking.

#### **Cranberry Lake**

The Cranberry Lake region is one of the largest remote areas remaining in the State. The Lake covers 11 square miles and has 55 miles of shoreline, over 40 of which are State land. There are also 42 primitive campsites along the shoreline.

### Dining

(check [www.northcountryguide.com](http://www.northcountryguide.com) for listings of all local restaurants, diners and fast food options)

Your Hosts Selected Favorites:

#### 1844 House

On Route 11 about half way between Potsdam and Canton, this American Bistro has, in my opinion, the best food in the area. Full disclosure, the owners are good friends of mine but I still think it's the best! Reservations recommended.

#### Jakes on the Water

Take Rt 56 south past SUNY Potsdam and Jakes is just outside the hamlet of Hannawa Falls. Always a great dining and bar choice! Beautiful setting, good service, adventurous chef. Food is good. Price mid-upper range for our area.

#### Maxfield's

Located in downtown Potsdam on Market St. near the bridge to Fall Island, this is a multi-purpose establishment. In addition to having good food the bar caters to an older crowd during the day and a student crowd at night. Service can be less than stellar at times but I can't say I've had a bad meal (although people I know have)

#### Cactus Grill

The Grill is located on Raymond St. just off Market St.. Raymond is across the intersection from Elm St. by the University Bookstore. It's consistent, if mediocre, Mexican fare.

#### Thai Cuisine Restaurant

Located on the other side of Fall Island from Maxfield's, this restaurant is run by a Thai woman and her family. Like most restaurants in Potsdam, servers and kitchen help are drawn from the local students so the service can be iffy. I like the food but even when I don't, I appreciate that it's prepared well and fresh.

#### Mama Lucia's

This restaurant is located in the old train depot that is visible from the bypass (Sandstone Drive) and is at the end of Depot St.. Depot St. is off Market St. by Subway and McDuff's.

#### The Timber Tavern

The Timber Tavern is a locally owned bar and restaurant and is open 7 days a week. It's on Rt 72 just past Parishville. The food is pretty good and very reasonably priced. A local favorite if you don't want to drive all the way to Potsdam!

#### The Cedar Lodge

A very backwoods local bar/restaurant that caters to locals and snowmobilers. It's small and cozy! The people are friendly, the food is good, portions are huge and you cant beat the prices!
