

Tiki Island Volunteers Earn Their Firefighter 1 Certification

CONGRATULATIONS and THANK YOU to Volunteer Firefighters: Steve Cunningham, Chad Korb and Allan Smith of the Tiki Island Volunteer Fire Department (TIVFD)! They attended the Texas A&M Engineering Extension Service (TEEX) 6-day Municipal Fire School at the last week of July and all 3 obtained their Firefighter I Certification! This training is demanding and intense. The people of the Village of Tiki Island are so grateful and proud of these three dedicated men who have volunteered their unselfish and brave service to our community. Steve, Chad and Allan were accompanied by TIVFD's Captain Chris Martinez, who provided moral support and made sure they had anything they needed.
