## **Open Floor Comments: ( 30 Minute Limit)**

Christina: I would like to apologize to Richard for the error last month in the ASC minutes; RCM II was present last month. Also there was an emergency meeting last month and I will provide the minutes for that meeting along with the minutes from this month's ASC.

Robert: I want to let it be known to this service committee, that I received some undated copies of a Nature Coast Guidelines from a person this week along with a threat that if I wasn't following them completely, that our area would be going to shut down the H&I meetings at the facilities we are attending. I was told that you, Rolland, approached Edwin and that turns out not to be true and I think that it is pretty poor that when something seems to be going smoothly and someone has to come along and throw wrenches in the gears. Someone who is not doing anything himself for NA. I have studied these notes and it appears that we are in compliance with 99% of the things listed and the ones that we can't comply with is because of a lack of bodies and participation to fulfill the requirements. I can't be expected to come in here with an entourage of 6 or 7 people when we can't even keep the positions here at this table filled. I also do not appreciate being threatened by someone that my sub-committee will be shut down from taking meetings into people who need the message of NA.

Renee: Good Morning everyone, thank you for coming. Policy does have some guidelines, it has guidelines for all our sub-committee's but that has not been released yet because we are trying to do the whole editing thing and get it out to you guys, so if it doesn't come from the Policy itself then more than likely it doesn't apply, because this area overrides anything World does not govern us.

Donnie: It was brought to my attention I was supposed to ask, I guess there was a meeting supposed to happen but someone didn't show up and then they wouldn't let someone in? Is there a system set up for H&I that you have a backup if someone can't show up so a meeting is not being missed?

Robert: A system is in the works and we are going to start scheduling 3 people to go instead of 2 because they will not allow just one to go in by themselves. Once the facility called me and said that the residents would be on an excursion and would be unavailable. I also plan to sit down with the supervisors at the facility because they need to either commit to this meeting or not.

Donnie: I know that we aren't in the jails right now but the girls that are in the jail are requesting those little booklets.

Robert: I am trying to get us back into the jail but right now Tuesdays is our allotted time and there are NA people bringing in AA meetings at that time. I have left literature there on more than one occasion.

Donnie: Is there a tote there of all of our stuff?

Robert: I have never seen it, but I know that I have brought literature up there and dropped it off quite a few times.

Rolland: I heard that they have a new chaplain can we maybe talk to him?

Robert: I am trying to get a hold of him to set something up.

Edwin: I want to address Robert's comments, the other day I approached Robert in a kind manner with information that he may or may not have known about. I offered it to him and said that this may or may not be helpful but you should check it out. I told him that every sub-committee should turn in a policy. At no time did I threaten this gentleman; I just advised him that if there is a meeting not approved by the sub-committee then it is not a sanctioned meeting and that we will advise the facility that it won't be going on anymore. At no time did I threaten him.

Barbara: Actually this right here, World puts out until the areas get their own policies they are guidelines and every position has them. I would also like to ask the groups again to bring their money early and not to approach the table while we are counting money. I am trying to keep things straight and organized.

Mary: I would like to ask that we please watch our language because there is a child in the room.

Donnie: Edwin was that a Nature Coast policy from last year?

Edwin: Yes

Donnie: I know that we have a new policy so that might not apply. I am just asking though.

Renee: Excuse me, if I am not on H&I sub-committee then I have no business telling them how to do their business. My perception is not always correct you know? Any business like that is to be handled here so there is no he said she said.

Dominique: When I was assistant treasurer the GSR's came early and gave donations and LDO and Treasurer's so that the Treasurers got all the cash and the LDO only got receipts. So that they could give last month's report and what came in for donations and literature this month. So there is a paper trail. If that helps.

Robert: I have been privileged to have a notebook at home about 6 inches thick that has policies and guidelines for all the committee's and that is what I have been running H&I on.

Richard: I just want to say I was present for the meeting between Robert and Edwin and I saw no threat whatsoever just policy and procedure.

Bruce: We have had policies and guidelines that we have followed for H&I we have not seen that in a while since it left certain people's hands.

Jason: If a meeting doesn't happen due to emergency or if you can't bring a meeting in because the patients are gone then that is out of our control. However, I have always been told, even at region that instead of saying you aren't doing that right, they ask are you willing to step up and help fix it?

### **Administrative Reports:**

**Secretary's Report:** Report was read aloud. Donnie: Was it against policy to vote on that motion last month about the card on file for the LDO? Renee: GSR's have a vote of confidence from your group to conduct business. Jason: They selected you and trust you to hash it out here at the area level. Christina: Actually that particular motion was rescinded by the Motion maker so you can let them know that it is not happening. Donnie motioned to accept the report and Rich seconded.

**Treasurer's Report:** Report read aloud and is attached hereto for group review before acceptance next month.

**RCM's Report:** No physical report was given; however, a small verbal report was given regarding the CAR report. The CAR report is on sale for \$15 per copy for anyone who wants it. Barbara: You can also go online and download it if you want. RCMI and RCM II should be having a learning day to go through the CAR report and the things that we need to vote on. Region will also come down and help go through it, some areas put on a workshop. Donnie: Is there a link to the World Website? Rich: I can put a link on the Website, but I know that Region is having a real problem with their website right now. Richard: Region is more than willing to come and put on workshops, just give me a time window and we can get them to come here.

**Policy Report:** Report read aloud and corroborating report will be on the website. Donnie motioned to accept the report and Bob seconded.

**Web Master Report:** Report read aloud and corroborating report will be on the website. Rich: I would like to put open positions on the website. Christina: Please do a Motion and we can send it back to the groups for a vote and to see who is interested. Mary motioned to accept the report and Donnie seconded.

## Sub-Committee Reports:

# Bank Finances

## Bank balance sheet

October \$4,766.45

Prudent Reserve - \$ 800.00

Camp Out money - \$ 803.37

---

Balance \$ 3,163.08

RSO outstanding Invoice *pd.* - \$2,365.34

---

Total Operating balance \$ 797.74 for November

## Treasure report for 10/2019

My name is Barbara R. and I want to thank the area for letting me serve

1. I did receive a black binder book from the past treasurer which contained some pass receipts and material that were in question for past financial records. I will be putting a committee together to go through the new information that we have received, from the previous treasurer. There will be a report give is anything is found or not found. All I can say is we did the best we could with what we had to work with.
2. I did go through the receipts and bank deposits in April for the camp out and found only a profit of \$317.06 there however was a deposit made in July of \$2,285.99 but we had no bank deposit showing being made in June.
3. There was donations and literature purchased in both June 2019

literature not recorded nor did I have order sheets to go by  
June donations were \$ 328.86

July donations were \$236.09  
literature was \$ 136.75

---

Total for July was \$372.84

That leaves the total deposited unsure with out the literature order total for July

4. I have created a form for the subcommittees for events, to help with keeping better records of the area finances
5. There was a question with the RSO office and some unpaid invoices. I found an invoice in the bag with July receipts where RSO office had added the June balance of \$1,359.71 to the July invoice for \$210.56 which made the total for both invoices \$1,570.27 which was not paid than we had an invoice on July 22 for \$592.11 and another open invoice for September 11 in the amount of \$202.96 which brought our open balance \$2,365.34 which I paid on Thursday over the phone with a check. Which gave us an operating balance of \$ 797.74
