Open Floor Comments:

Roland: We have open forum with a 30 minute limit which can be extended with a majority vote.

Renee: I would like to apologize, to the body, for my actions last area well actually for my explosion last area. That is one of the things that I work on regularly is letting people into my space without a response. With that being said I would like to apologize to the body. I was over zealous and rude and my apology is to the body, let's make that real clear.

Barbara: There was a question about the Ad Hock committee not having a box last area, I would like to explain to area what that is so that everyone is aware of what really happened. We have received a file size box with check requests and bank statements that was it. We never ever received receipts for anything as far as the treasury receipts. I wanted that to be clear because my integrity was in question and that is not good. I try to work an honest program and when I get questioned like that I have to clear it up.

Rolland: Anybody else want the floor?

Administrative Reports:

Secretary's Report: Report was read aloud. Christina: Last month's minutes were extremely lengthy and the amount of ink I used was ungodly. I will be putting in a check request for my budget this month because it was just too much. Last month it was requested to put the Treasurers reports from January until now in the minutes and I have only received one (1) physical treasurer's report since January and I have attached that. Bruce: There is a discrepancy on the Motion from activities. Christina where? Bruce: the original number and the second number do not add up. Christina: Oh there is a ten cent discrepancy. Rolland: Do we need to amend the motion and send it back? Christina: Well they can do that or they just will get what they actually asked for and be out ten cents. Bob: I will give them ten cents. Christina: Problem solved. Lois motioned to accept the report and Bob seconded.

Treasurer's Report: Treasurer read aloud and attached hereto. Angel: Now some of that money was deposited by Kelly from the month before there were two checks for $200.00 but when I deposit my money it doesn't add up correctly if you take away what Kelly deposited and what I was actually given it just doesn't add up that way. We put out $79.00 for meeting lists; I got like 500 meeting lists. Rich got 300 for H&I and the rest we distributed to the groups. I can't get online for the bank account. I am sorry it was PR that received the 300 meeting lists. I can't get on to the bank account online I am locked out of it from when they switched everything over; I have to go back to the bank. I tried to re-set the password, but it must have gotten sent to one of their emails. I am waiting on the bank card to arrive, me and Rolland went to the bank and they sent it, but it hasn't gotten here yet. Like I said I deposited $2285.99 from last month. Renee: I wrote a check for a book on 5-11-19 for a Basic Text and it just got cashed on 7-30-19 that is two months that my account information was

out there and I was just wondering did anyone ever get a Treasurers report from whenever Kelly held the books and was in charge of the bank account? Christina: There was no report. Renee: So we are only going by what he has and there is two months missing there of information about our finances. This doesn't seem to be important or at least not being brought up I am wondering why it could be and see if someone could talk to her and see if we can get some information? That is crippling to the area and not ok behavior. Angel: I do not know what was deposited in May and June so when I deposit my money there is more there than supposed to be because I do not know what was deposited before me. What I was given from Activities and literature I have that accounted for. I am not too sure on what was deposited before that I don't have that information. I can go down to the bank and get that stuff situated. So like I said from April...I wasn't here in March, April and May so that is three months unaccounted for not two. Christina: I have a pretty logical answer.. we need to ask the Temporary Treasurer to do some kind of report for the time that her name was on the bank account, everything was changed over to her and she should have access to everything she deposited and all that kind of stuff. So someone who is friends with her so that it doesn't seem like an attack can go to her and say can you please generate some kind of report to show the ins and outs of what happened with NA money while you were in, because we cannot have no report from switch over t switch over and one report since January? I think that is pretty simple just have her do a report. Rolland: What did we receive? Angel: A checkbook Rolland: that is it? Angel: That's it. She deposited the money; she did give me deposit slips. Christina: You can't decipher where the money came and went from though right? Angel: No Christina: That is why I am saying that it's simple just requesting a report. Renee: If that is possible at this point. Rolland: Does anyone want to give her a call? Angel: I will give her a call. Renee: That is also the bodies' responsibility to come together and point out things like this. Rolland: and this is what we are trying to d here folks, just think of this as a new beginning. We have had some bumps in the road I happens we are a bunch of addicts in one room trying to make something work. We need to tighten up a bit on our transparency and things like that. Anything else Angel? Angel: No. Rolland: anyone wants to accept the report. Bruce motions to accept the report and Renee seconds it.

RCM's Report: Report read aloud and attached hereto. Donnie motioned to accept the report and Richard seconded. We have only donated to region once or twice this year so far so I am requesting that we give a $300.00 donation to the region. Renee: The two years that we did the AdHock committee we have not given a donation to region. Christina: Do we have to send that back to the groups for a vote since it is over 100 dollars? Renee: I am not aware of that in policy so I do not believe that that is the case, if you know where it is I will be glad to take a look at it. I have never heard of that. Christina: I do not have a problem with a donation I was just asking. Barbara: We stopped sending money around 2017 and according to World we are supposed to be sending a percentage of our income to region. As an area we are in violation or whatever you want to say, at the end of the meeting when the treasurer reads the report we are supposed to send a portion of that to region.
Richard: It says in our policy after paying our bills and establishing prudent reserve all money left over will be forwarded to the next level of service. Angel: Hold on, our prudent reserve is only 800 and we can't function off of 800 like that. We are gonna have to look at that policy and figure out what percentage we are going to send to region, world and what our

prudent reserve will be. Richard: It says after paying our bills and prudent reserve, so like meeting lists and other things. Angel: We can beak things down and then decide the percentage we can set aside for region every month. Renee: The treasurer will present a yearly budget in January; however, this comes from a much larger area this comes from Forest Area. They have a functioning area service body as far as their contributions from their committees and things like that. With the policy committee meeting just one time these are things that we need to go over. Minus prudent reserve and LDO that is your base that is where you get your percentage. Jason: You have a prudent reserve that is untouched right? Angel: yes untouched but not separate from the account itself. Jason: So it says we have our prudent reserve and we pay all our bills to where all our expenses are paid, the extra money is to go to the next level. If you guys want to decide what percentage goes every month or two months because region meets every two months, if you do not pass the money to the next level it will just keep building up and that is not how the service structure is put together? We never have to worry about not being able to function as an area because we handle all that before we donate. I think we are kind of talking about a moot point right now because we know what is in the bank account but we do not know what is supposed to be in the bank account, we keep on going back and forth on it but we do not know the bottom line. Lois: I totally agree with sending money over to region. Monies left over are supposed to be passed on to the next level. I think we need to make a donation because it is important. Angel: We have always sent 300 dollars since I was Treasurer we have always given a check for 300 dollars. Renee: I made a motion for area to donate 200 dollars to area, it may not be what you asked for but the motion is in and can be amended. Bob motioned to accept the report and Robert seconded.

Policy Report: Report read aloud and attached hereto. Policy will be meeting every Wednesday at 6pm. Contact Renee for the address. Lois: unfortunately our homegroup meets on Weds at 6pm so that would eliminate anyone from our homegroup from coming. Renee: I am sorry I do not have the ability to make everybody happy, I can ask if the people that work would mind changing it to 5 so you can leave about 15 minutes early and get to your meeting. Christina: I do not know what to do, we have tried to change so many things like place and time and there is always an issue. You can't make everybody happy. Renee: If I may, maybe one person a week from your meeting can come and then the other can come. I am doing the best that I can but I just can't seem to make everyone's schedule fit. Renee: May I call for a break.

Web Master Report: Report read aloud and attached hereto. Lois motioned to accept the report and Robert seconded.

Sub-Committee Reports:

Activities Report: Report read aloud and attached hereto. Judy: I need to know who to give the activities stuff to. Renee: I can hold the stuff in my garage temporarily. Jason: Activities is open. Dennis: I would do it. Rolland: I have a question for policy; if only one person is running do we have to take it back to the groups? Renee: It still has to go back to the

groups. Renee: anybody can bring ideas to policy and the committee will review it.
Help Line Report: Report read aloud and attached hereto. Bob: If possible when answering the phone can we start asking how they heard about us so that we can keep track of what is working and whets not as far as outreach. Judy motioned to accept the report and Lois seconded.
H&I Report: Report read aloud and attached hereto. Richard: What does LifeStream want? Robert: they want us to promote staying on Suboxone and to encourage them to take their medicine. Mary: That is Lisa she is a peer support specialist and she has asked me and others to come speak at the FITT meetings but I do not condone that behavior and I am sorry. Robert: Don't apologize. Renee motioned to accept the report and Bob seconded.
LDO Report: Report read aloud and attached hereto. Christina: Karen will make copies of the meeting lists for you and bring you your originals back. Bruce: Progressive Recovery is not asking for meeting lists they are just making a donation to the area to remain on our meeting lists. Angel: How long does the new meeting have to be going in order to be on the meeting list? Christina: It is ROTR so it is already to go on the list but WAR had to wait 3 months. Richard: It is ROTR but independent of that we have been up and running for 3 months. Bruce motioned to accept the report and Mary seconded
Public Relations: Report read aloud and attached hereto. Jennie asked for a one time increase in PR's budget in a motion to the GSR's of 335.92 for supplies. GSR's voted on the budget as it stood and it was denied for PR to revise the numbers and enter a new motion with the new budget increase request. Christina: I know that Policy chair requested that we bring proposed budgets this ASC and present them to the body. Angel: I thought what was in policy couldn't be changed for a year. Christina: No it reads that any motion meaning any new motion entered into policy cannot be changed for a year, not that we can't change the actual policy. Renee: I am not going to repeat what Christina said because she is exactly right, however, budgets were called for 3 months ago but we had a lot of stuff going on, so when the nominations are finished and everything is settled we can present budget, but a budget meeting is a bit longer than a regular meeting. It will be proposal on what is needed for each sub-committee. Rolland: Maybe we should discuss a time frame on getting that done, maybe by the end of the year? We could even meet on a different day before. If we do it in November we can present them in December and they will go into effect in January. Renee motioned to accept the report and Robert seconded.

Activities Report 8/10/2019

There is NO activities TO Report FOR This Month.

I am having a very hard time with continuing as activities chair, the desire has been lost, I am committed to NA, but NOT to the drama, with that said I am stepping down From this position.

Thank You
Judy M.

I will need to Know who to give Activities Supplies to.

Financial Adhoc Committee's Findings

1. *2017 We have found consistently, money amounts being entered that were not reported and leaving some money amounts out that were reported sometimes a dollar to a hundred dollars*

2. *No checking money turned in against the receipts to make sure they match*

3. *Check request being turned in with out proper receipts*

4. *No reports being brought to the area floor about such things*

5. *Messy and not very well kept*
6. *Minutes, check request and the treasure reports due not line up with each other*

Suggestions to the area:

- *the bank deposit done within 48 hours*

- *the monies taken in and disbursement amounts announced before the money leaves with the treasurer every month so the everyone is informed how much money is leaving with the treasurer at the end of meeting*

- *When the money matter are not right or concerns come up they are to be brought to the area floor*

- *Also the treasury reports a monthly report than a yearly the monthly given monthly in a more simpler form. When it is given to the secretary to go in the minutes each month it contains only that months business*

- *want to make the forms more understandable to the member that does not have bookkeeping or accounting experience and need to be informed better*
