

Your Donation to SBCACF

No Staff

No facility cost

The Santa Barbara County Animal Care Foundation is an all volunteer 501 c 3 nonprofit. Our directors work from our homes to keep all overhead to a bare minimum so your donation go directly to our cause.

The SBC Animal Services shelters are the only shelters in our county who can accept stray animals. Because of this thousands of animals enter their doors annually. These are our county's injured, abandoned, neglected, abused. These animals who are considered rehabilitatable are not adoptable without our intervention. Without our help these animals face euthanasia and do not have a future.

It is our mission to promote animal welfare and to better the quality of life for animals in Santa Barbara County through education, outreach, collaboration and promotion of the humane ethic and responsible treatment of all animals.

With your support, together we can save lives.
