FOR IMMEDIATE RELEASE

KIOWA TRIBAL CHAIRMAN RESPONDS TO IMPEACHMENT PROCESS

As Chairman, you the tribal members, have a right to know what I am being charged with impeachment and has not been posted by the legislative branch. Therefore, I am posting the complaints as they have been presented to me along with this statement.

The complaints filed against me contain implications that convey wrongdoing and a specific way of thinking. I feel I must let the membership know that the allegations are an example of misrepresentation of accuracy.
