August 14, 2020

To Whom It May Concern:

The Kiowa Tribe had our account frozen on July 28, 2020 at the Bank of Verden due to a preliminary injunction being granted by the Court of Indian Offenses for the Southern Plains Region. Upon closure of the account the COVID-19 Response Program was offering assistance to Tribal members to assist with cost incurred during the COVID-19 pandemic. Checks issued prior to the that date of injunction did not get to clear the bank funding is available but due to injunction the bank cannot honor any checks after the date of the order.

The Executive Branch staff is in the process of securing alternate funding source to reissue checks to Tribal members and vendors for which checks were returned. Please complete the section below so that we will have the information needed to reissue the payment in a timely and efficient manner. We apologize for the hardships and confusion that this has caused our tribal members and vendors.
