Attendance is required as evidenced by a work schedule, training schedule, and/or eligibility/participation verification letter. Completion of the job training program is verified by a letter of completion, a completion certificate, or other completion document submitted by the applicant.

c) Educational Program: Activities designed to secure a high school diploma or equivalency certificate; basic and remedial education or literacy level; job skills training or enrollment and participation in a vocational institute or institution of higher-education in a degree-completion program. Attendance is documented by submission of class schedule at the beginning of each semester as well as annual submission of transcripts/grades. Educational program attendance includes participation in traditional as well as online courses. Online course participation must be verified by submission of course syllabus for each online course. Children remain eligible for care during periods between semesters as long as parent is enrolled in certificate or degree-seeking program. If parent drops from a certificate or degree-
seeking program, a six-month grace period applies to provide continuity of care while parent engages in work activities or other educational program activities.

PROCEDURES:

1. The Child Care Director will screen all applications for parent/guardian’s definition of working or in training/education.
2. Proof of work or enrollment in educational program must be attached to application. Proof may include two (2) recent paystubs, work schedule, letter of enrollment, class schedule, etc.
3. Applications will be screened using the KCCP Intake Checklist to ensure all documents are attached in order for the application to be considered complete.
4. If application does not have attached proof, it will be kept in the Pending file until proof is attached and it can be processed.

BACKGROUND/REGULATION(S): Governing regulations are: 45 CFR 98.20(a)(3)(ii)

POLICY:
The Kiowa Tribe Child Care Program defines protective services as follows:

1. **Protective Services:** A Kiowa Indian child who is in protective services or at risk for protective services, including children in foster care or children in need of respite care, whether state or tribal, shall be categorically eligible for CCDF services.

2. **Determining Eligibility for Protective Services:** In determining eligibility, the family unit will only count as the children in need of care. Guardians’ income will not be considered during eligibility determination and monthly family co-payment shall be waived as long as child remains in protective custody or at-risk for protective custody. Parent/guardian/foster parents must be working or in education/job training in order for child to be eligible for services unless parent/guardian/foster parent(s) receives SSI, disability, or Social Security supplements. Documentation will be provided by parent/guardian/foster parent in the form of a letter/proof of benefits. Children in need of protective services or receiving protective services will be determined eligible on a case-by-case basis by the KCCP Case Review Team. Children must reside or be placed within the Kiowa Tribe Child Care Program’s CCDF service area as documented by application and/or case worker/child welfare agency.

PROCEDURES:

1. On a case-by-case basis, the KCCP will waive the co-payment and income eligibility requirements for cases in which children receive, or need to receive, protective services.

2. KCCP provides CCDF-funded child care to children in foster care whose foster care parent(s) are not working or who is not in education/training activities. These children are included under the definition of protective services.

3. KCCP provides respite child care to children in protective services and such children are included in the definition of protective services.

4. The Child Care Director will ensure that all required proof and documentation is attached to application in order for application to be considered complete and eligible to be processed for overall eligibility.

5. KCCP Intake Checklist will be completed to determine if all documents are attached.

6. Applications will be considered incomplete and will be placed in the pending file until all required documentation is attached.

BACKGROUND/REGULATION(S):
Governing regulations are: 658E(c)(B), 658P(4), 45 CFR 98.20, 98.80(f) & 98.81(b)(1)

POLICY:
The Kiowa Tribe Child Care Program will ensure that eligible children are under the age of 13 years-old and reside with a family whose income does not exceed 85% of the State Median Income for Oklahoma for a family of the same size.

1. Definition of Income: For applicants, proof of all sources of income must be provided in order for eligibility determination to occur. Income submitted must document at least two pay periods and be recent, within the past ninety days. Documentation provided includes letters or oral statements from employer/training agency, pay stubs, eligibility letters, unemployment benefits/child support checks/verification letters on amounts received. For eligibility determination purposes, income shall be calculated as gross monthly income by calculating hourly wage, hours worked per week, and computed as a gross, monthly amount, regardless of the length of time income is received. For each working parent in the household, a monthly deduction of $200 per working parent will be applied to the gross monthly income and the final figure will be used to determine the family’s income eligibility and monthly co-payment by entering the figure into the Tribal Child Care Data Tracker and indicating the breakdown on the Family Co-Payment Calculation Worksheet for each child’s file. Income will be considered as earnings from employment, whether full time or part time, including wages, salary, commissions, tips as listed on pay stubs or employer verification statements. Child support payments received from non-custodial parents will count as income. Income from job search or job training stipends, including unemployment benefits and WIA stipends received, will count as income. TANF payments received will not count as income for CCDF eligibility purposes. Tax refunds and per capita payments will not count as income. Supplementation Nutrition Assistance Program payments will not count as income for CCDF eligibility purposes. Grants or scholarships received from school will not count as income.

PROCEDURES:
1. The Child Care Director will ensure that applications are screened for falling within the stated income eligibility limits.
2. The KCCP uses the Oklahoma State Median Income for families of the same size effective as of October 1, 2013.

2. OKDHS Child Care Provider Rate Schedule (Appendix C-4-B), 11/1/2013
BACKGROUND/REGULATION(S): Governing regulations are: 45 CFR 98.16(I) & 98.43

POLICY:
The Kiowa Tribe Child Care Program ensures that established payment rates to child care providers allow for equal access to quality child care for CCDF-eligible families. In order to ensure rates are equitable, the Program utilizes the most recent Market Rate Survey conducted by the state of Oklahoma’s Oklahoma Child Care Services division.

PROCEDURES:
1. The Child Care Director obtains access to the most recent OKDHS Market Rate Survey via state-tribal networking, such as the Oklahoma Tribal Child Care Association or via technical assistance such as the Tribal Assistance Network through the Office of Child Care.
2. The Market Rate Survey is then analyzed to ensure that provider rates would be equitable to the recommended 75% of median market rates in order to ensure equal access to quality child care services for CCDF-eligible families.

BACKGROUND/REGULATION(S): Governing regulations are: 45 CFR 98.16(I), 98.43

POLICY:
The Kiowa Tribe Child Care Program ensures that provider rates provide for parental choice by remaining competitive and using the OKDHS rates to providers for Oklahoma.

PROCEDURES:
1. Each year prior to the year the Child Care Plan is due to the Office of Child Care, the Child Care Director will ensure that the data and results from the most recent (within 2 years of the Plan submission date) state child care market rate survey is obtained.
2. The Child Care Director ensures that the data from the market rate survey conducted by the state of Oklahoma is equitable to the recommended 75% of the median market rate in order to ensure that CCDF-eligible families have similar access to child care.
3. The Child Care Director will then obtain the current Oklahoma Child Care Rates to Providers schedule as part of the state Plan process.
4. The Kiowa Tribe Child Care Program utilizes the state of Oklahoma’s rates to providers in order to ensure that the rates to providers are competitive for all families.

ADDITIONAL INFORMATION/FORMS:
2. Oklahoma Child Care Rates to Providers, effective 11/1/2013
BACKGROUND/REGULATION(S): Governing regulations are: 45 CFR 98.16(I) & 98.43

POLICY:
The Kiowa Tribe Child Care Program provides a tiered reimbursement system that is dependent on higher levels of quality child care in accordance with the Oklahoma Reaching for the Stars Program.

PROCEDURES:
1. Every two years, when the new Child Care Plan is effective, the Child Care Director will ensure that selected rates to providers reflect the same tiered system used by the state of Oklahoma.
2. The Child Care Director then explains to potential providers that the rates used are the same as the Oklahoma rates to providers and are higher according to higher levels and expectations of quality in the facilities providing child care services.
3. The rates paid to providers are part of Oklahoma’s quality rating and improvement system for child care services which is also known as the Reaching for the Stars Program and uses a One Star, One Plus Stars, Two Stars, and Three Stars tiered reimbursement rates system.

ADDITIONAL INFORMATION/FORMS:
2. Oklahoma Child Care Rates to Providers, effective 11/1/2013
BACKGROUND/REGULATION(S): Governing regulations are: 658(E)(5) & 45 CFR 98.42

POLICY:
The Kiowa Tribe Child Care Program utilizes a sliding fee scale to allow for eligible families to share in the cost of subsidized child care services. Co-payment is defined as the family’s contribution to the cost of subsidized child care services. The sliding fee scale utilized varies based on the family size and family income.

PROCEDURES:
1. All applications are screened during the intake process for family size and total income calculation.
2. The KCCP Co-Payment Calculation Worksheet is used to determine the family’s co-payment.
3. The following cases are the only cases in which eligible families will not be required to pay a co-payment: a) children needing care fall under the definition of receiving or in need of protective services, or b) total family income is calculated to be at or below the federal poverty level for families of the same size.
4. The family co-payment is obtained by first calculating the family’s total gross monthly income from all sources.
5. A deduction of $200 per working parent is then applied to the total gross monthly income.
6. The remaining total adjusted monthly income is then compared to the sliding fee scale chart using family size to check for eligibility below 85% of the Oklahoma median income.
7. For families whose adjusted monthly income is above 100% of federal poverty level, the monthly family co-payment is calculated by multiplying the adjusted monthly income by 5% plus $10 per each additional child in care. The resulting amount is then rounded to the nearest dollar and becomes the co-payment.
8. Family co-payments are due directly to the provider selected by the parent/guardian.
9. The KCCP cannot assist families with paying for the co-payment as such arrangements exist between the family and the provider.
10. In order to allow for families to adjust their personal monthly budget to accommodating a monthly co-payment, the KCCP allows for a 30-day window prior to co-payments taking effect.
11. In the event that co-payments increase during the recertification process, the KCCP allows for a 60-day window for families to make the necessary adjustments to their personal budget.
