Prestige Award Winners Bespoke Glamping Retreat of the year

🏆 A little bit of exciting news...

We're absolutely delighted to have been named Bespoke Glamping Retreat of the Year 2026/27 – North England in the Prestige Awards.

It means a lot to our little family run business and everyone who works so hard behind the scenes to make High Farm what it is.

We've always wanted to create somewhere peaceful, welcoming and a little bit different so to have that recognised is something we're really proud of.

Reviews like these make us Sparkle ...

"I have to say it is a beautiful quiet place whether it's to have breakfast dinner or lunch or even just a couple of nights away we got the romantic package and it exceeded our expectations, we saw so much wildlife and waking up to deer outside was an amazing start to the day. The staff were amazing, friendly and very accommodating. We would definitely stay again. 10/10 stay for us we have no complaints!"
