## JUSTIN COOK

A seasoned healthcare advisor with experience in group facilitation, Justin possesses a profound understanding of diverse perspectives and unique needs. An insight-driven leader (and proud father of four Warwick students), he uses data analysis and community insight to provide positive advocacy for all students. Justin's approach to enhancing the student experience by incorporating everyone's feedback will foster unity on the school board.

## RACHAEL HAVERSTICK

With over 15 years of experience in public education, Rachael works as a consultant at an education service agency, facilitating school improvement, delivering professional learning, and providing support to educators and administrators. Rachael is also a dedicated mom to three Warwick students and volunteers for the Lititz Elementary PTO and Junior Achievement.

## COURTNEY RICHIE

A former teacher of 14 years, Courtney has firsthand educational insight. She also managed the Tree House Playground build project and was the chair of that Foundation for five years. A member of the Parental Advisory Council for Warwick HS, and the Kissel Hill PTO (where she coordinates yearly events), Courtney also volunteers with Junior Achievement. She is a proud 1998 Warwick grad and mom to two current Warwick students.

## STUDENTS HAVE NEEDS. NOT AGENDAS.

Our schools should create a sense of belonging for everyone. As we face new and ongoing challenges, Warwick needs leaders who represent the community, without broader political party influences. That's why Justin, Rachael and Courtney, as Warwick parents and community members, need your vote on May 16.
