

Health Professions Scholarship Program

HPSP

A white computer keyboard is partially visible in the upper left corner. A silver stethoscope with a black chest piece and earbuds lies diagonally across the center of the image. The background is a light, neutral color.

Why Does This Program Exist?

The Navy needs health service professionals, but not everyone is fit to serve

- Less than 25% of the USA is qualified to enter the United States Military
- These specialists must be able to physically and mentally endure life at sea, while maintaining the same standard of healthcare that is provided by normal dentists, physicians, and surgeons

The “Normal Way” to Become a Dentist

1. Apply and become accepted into an Undergraduate School
 - While a 4-Year degree it is not required to enter Dental School with a Bachelor's Degree, most dental schools prefer it
 - The majority of dental students possess a 4-year degree or 90 College Credits
2. Take the Dental Admission Test (DAT)
 - Recommended taken at least one year before dental school (3rd Year of College)
 - Natural Sciences (Biology, Chemistry, Organic Chemistry)
3. Apply to Dental School
 - Letters of Recommendation
 - Competitive applications (High GPA, high DAT score, etc.)
4. Finish Dental School
 - Traditionally 4 Years Long

Your Age: 26 Years Old

Average Tuition \$12,000/year

Average Boarding \$10,000/year

**Expected Debt:
\$292,000**
