

Fixed Equipment Pre-Flight

| MAIN CABIN DOOR | | | |
|-----------------|---|--|--|
| Location | A/C L fwd | | |
| Controls | manual or hydraulic | | |
| Preflight | indicators: green light in flight deck, indicator lines | | |

| MAIN CABIN DOOR CONTROL SWITCH (closing) | |
|--|--|
| Location | |
| Preflight | present, good condition, toggle in OFF, cover down |

| OVERWING EXIT(S) | |
|------------------|---|
| Location | how many? |
| Cover/Handle | location of handle cover(s) |
| Preflight | covers intact, security pins removed, shades open |

| JUMPSEAT | | | |
|------------------|--|--|--|
| Location/Secured | flight deck/nested | | |
| Preflight | nesting mechanism functioning, seatbelts operational | | |

| CREW REST SEAT (if applicable) | |
|--------------------------------|--|
| Location | crew rest area or designated cabin seat |
| Preflight | correct position, seatbelt and harness operational |

| CIRCUIT BREAKERS | | | |
|------------------|--------------|----------------|---------|
| Location | galley panel | Other Location | |
| Preflight | present | Preflight | present |

| MASTER GALLEY (60 HZ) | |
|-----------------------|-------------------------------|
| Location | galley control panel |
| Preflight | cover secured (if applicable) |

| EXIT SIGNS | |
|------------|---|
| Locations | |
| Preflight | Pilots pre-flight test/all lights on and functioning properly |

| EMERGENCY LIGHTS | |
|------------------|---|
| Location | |
| Preflight | Pilots pre-flight test/all lights on and functioning properly |

| CABIN COMPARTMENT DOOR LATCH(s) | |
|---------------------------------|-------------------------|
| Location | |
| Preflight | are in secured position |

| CABIN SEAT BELTS and/or HARNESSSES | |
|------------------------------------|---|
| Location | |
| Preflight | present, accessible (harnesses connected if applicable) |
| | |

| INTERPHONE (if applicable) | |
|----------------------------|---------------------------------|
| Location | galley (forward and/or aft) |
| Preflight | test call/chimes to flight deck |

| THERAPEUTIC OXYGEN - Port | | | |
|---------------------------|-------------------------|--|--|
| Location | | | |
| Sealed | protector cover | | |
| Preflight | present, good condition | | |

| HALON Fire Extinguisher - Waste Container (Lavatory) | | | |
|--|---------------------|-----------------------------|-------|
| Storage/Secured | Fixed | Self Activating System/Auto | |
| Preflight | Bracketed (mounted) | Types of Fires | A B C |

| SMOKE EVACUATION VALVE (Available on some Gulfstream Aircraft) | | | |
|--|--|--|--|
| Storage/Secured | Fixed | | |
| Preflight | lever and toggle switch in correct positions | | |

| SMOKE DETECTOR | | | |
|-----------------|-----------------------------|--|--|
| Storage/Secured | Fixed | | |
| Sealed | | | |
| Preflight | present, constant LED light | | |

Portable Equipment Pre-Flight

Portable Equipment - Safety & Security

| PASSENGER SAFETY BRIEFING CARDS | | |
|---------------------------------|---|---------------------------------|
| Storage/Secured | | one per passenger seat required |
| Preflight | present, accurate and in good condition | |

| OVERWING EXIT LOCKING PINS (if applicable) | | |
|--|---|-----------------------|
| Storage/Secured | | one per overwing exit |
| Preflight | present, "remove before flight" strap attached to pin | |

Portable Equipment - Smoke/Fire

| HALON Fire Extinguisher | | | |
|--------------------------------|--|----------------|---------|
| Storage/Secured | Mounted brackets | Range | 3-15 ft |
| Sealed | Wire or plastic Seal through pull ring | Duration | 9 secs |
| Preflight | Needle in green area of gage, bracketed/sealed | Types of Fires | A B C |

| WATER (H2O) Fire Extinguisher | | | |
|--------------------------------------|------------------------|----------------|---------|
| Storage/Secured | Mounted bracket | Range | 10 ft |
| Sealed | Wire seal in cartridge | Duration | 30 secs |
| Preflight | Bracketed/sealed | Types of Fires | A |

| SMOKE HOOD - Oxygen Generator | | | |
|--------------------------------------|-------------------------------|----------|--------|
| Storage/Secured | Hard case | | |
| Sealed | | Duration | 15 min |
| Preflight | Case in good condition Sealed | | |

| SMOKE HOOD - Oxygen Supplied | | | |
|-------------------------------------|--|----------|--------|
| Storage/Secured | Bracketed pouch | | |
| Sealed | Sealed | Duration | 15 min |
| Preflight | Blue dot (moisture) if dot is PINK (bad) | | |

| POB W/ SMOKE MASK | | | |
|--------------------------|---|--|--|
| Storage/Secured | bracketed and in pouch | | |
| Sealed | | | |
| Preflight | minimum of 1500 psi, smoke mask attached in "quick don" | | |

| CRASH AXE (if applicable - Flight Deck ONLY) | | | |
|---|--------------------------------------|--|--|
| Storage/Secured | Bracketed and cover | | |
| Preflight | present, secured w/ protective cover | | |

Portable Equipment - Ditching/Survival Equipment

| LIFE VESTS | | | |
|-----------------|---|--|--|
| Storage/Secured | TBD - standard location is at base of seats | | |
| Sealed | pouch sealed | | |
| Preflight | Present, pouch unopened | | |

| LIFE RAFTS | | | |
|-----------------|--|--|--|
| Storage/Secured | TBD - under divan, in storage closet or cargo hold | | |
| Sealed | | | |
| Preflight | present, good condition | | |

| SUPPLEMENTAL SURVIVAL EQUIPMENT (only if separate from life raft) | | | |
|---|---|--|--|
| Storage/Secured | | | |
| Sealed | velcro | | |
| Preflight | present, appears in good condition and unopened | | |

Portable Equipment - Lighting

| FLASHLIGHTS | |
|-----------------|---|
| Storage/Secured | |
| Preflight | present, secured and working properly (spare batteries) |

| BREAKAWAY FLASHLIGHTS (if applicable) | |
|---------------------------------------|--|
| Storage/Secured | bracket |
| Preflight | secured, plastic seal and blinking red light |

Portable Equipment - Medical/First Aid

| POB - Portable Oxygen Bottle | | | |
|-------------------------------------|--------------------------------|--|--|
| Storage/Secured | bracket | | |
| Sealed | | | |
| Preflight | min of 1500 psi, mask attached | | |

| THERAPEUTIC OXYGEN - Standard Mask (Yellow Cup) | | | |
|--|-----------------------------------|--|--|
| Storage/Secured | | | |
| Sealed | in plastic bag or pouch | | |
| Preflight | present, good condition, unopened | | |

| THERAPEUTIC OXYGEN - Bubbler | | | |
|-------------------------------------|-----------------------------------|--|--|
| Storage/Secured | | | |
| Sealed | in plastic bag or pouch | | |
| Preflight | present, good condition, unopened | | |

| FIRST AID KIT (BASIC) | | | |
|------------------------------|----------------------|--|--|
| Storage/Secured | | | |
| Sealed | plastic or wire seal | | |
| Preflight | present and sealed | | |

| MEDICAL KIT | | | |
|--------------------|----------------------|--|--|
| Storage/Secured | | | |
| Sealed | plastic or wire seal | | |
| Preflight | present and sealed | | |

| INTERNATIONAL or ADVANCED AVIATION MEDICAL KIT (AAMK) | | | |
|--|-----------------------|--|--|
| Storage/Secured | | | |
| Sealed | plastic or wire seals | | |
| Preflight | present and sealed | | |

| AED | | | |
|-----------------|---|--|--|
| Storage/Secured | | | |
| Sealed | intact | | |
| Preflight | Indicator shows operation and batteries are charged | | |

| GO TO KIT (typically connected to AED) | | | |
|--|---|--|--|
| Storage/Secured | | | |
| Sealed | no seal / intact | | |
| Preflight | Indicator shows operation and batteries are charged | | |

| Bloodborne Pathogens Kit (BBP) / Infection Control Kit (ICK) | | | |
|--|-------------------|--|--|
| Storage/Secured | | | |
| Sealed | no seal / intact | | |
| Preflight | present, unopened | | |

| TELE-MEDICAL UNIT MedAir Tempus (if applicable) | | | |
|---|-------------------------------|--|--|
| Storage/Secured | | | |
| Sealed | not required | | |
| Preflight | present and in good condition | | |

| TELE-MEDICAL UNIT Aircare Access RVS (if applicable) | | | |
|--|-------------------------------|--|--|
| Storage/Secured | | | |
| Sealed | not required | | |
| Preflight | present and in good condition | | |

Portable Equipment - Flight Deck

| HALON Fire Extinguisher | | | |
|--------------------------------|--|----------------|---------|
| Storage/Secured | Mounted brackets | Range | 3-15 ft |
| Sealed | Wire or plastic Seal through pull ring | Duration | 9 secs |
| Preflight | Needle in green area of gage, bracketed/sealed | Types of Fires | A B C |

| SMOKE HOOD (Not required) | | | |
|----------------------------------|-----------------------|----------|--------|
| Storage/Secured | | | |
| Sealed | | Duration | 15 min |
| Preflight | Good condition Sealed | | |

| FLASHLIGHTS | |
|--------------------|---|
| Storage/Secured | |
| Preflight | present, secured and working properly (spare batteries) |

| CRASH AXE (Not required on aircraft 19 seats or less) | |
|--|---------------------------------|
| Storage/Secured | bracketed with protective cover |
| Preflight | present, secure |

| LIFE VESTS | | | |
|-------------------|-------------------------|--|--|
| Storage/Secured | | | |
| Sealed | pouch sealed | | |
| Preflight | Present, pouch unopened | | |

| POB W/ SMOKE MASK | | | |
|--------------------------|---|--|--|
| Storage/Secured | bracketed and face mask in pouch | | |
| Sealed | | | |
| Preflight | minimum of 1500 psi, smoke mask attached in "quick don" | | |

| FIRST AID KIT (BASIC) | | | |
|-----------------------|----------------------|--|--|
| Storage/Secured | | | |
| Sealed | plastic or wire seal | | |
| Preflight | present and sealed | | |

| ESCAPE TAPE or ROPES (if applicable) | |
|--------------------------------------|---------------------------------------|
| Storage/Secured | storage compartment closed and intact |
| Preflight | present |
