

NORI Monthly Membership Plans

June 2025

General

NORI Monthly Membership Plans are a simple and economical way to access the Home-Based Nutritional Support Program. NORI offers low-cost month-to-month plans to support those with limited financial resources or for those who are unable to commit to a longer term payment plan.

The NORI Nutritional Support Program forms the foundation for an integrative treatment approach that leverages the power of nutrition and highly targeted nutraceuticals. The program is based on the key elements of the NORI Protocol which are completely science and evidence based. Following a low sulfur amino acid plant-based diet is foundational to the protocol and complete instructions and guidance is provided. A powerful redox active pro-oxidant nutraceutical cocktail is incorporated to trigger apoptosis and ferroptosis. The nutraceutical is an all-in-one tablet consisting of sodium selenite, vitamin B6 (P5P), a redox active quinone, iron, zinc, copper, zinc and manganese all at the optimal dosages.

There are three plans designed to fit within the member's needs and budget. One may switch between plans at any time or may consider a 3, 6 or 12 month longer term plan.

NORI provides holistic cancer coaching, nutritional counseling and lifestyle support. NORI cannot advise or prescribe off-label drugs. NORI will help patients obtain blood tests and help with interpretation of results. NORI will review radiology reports.

Plan A

This is our most comprehensive monthly plan. This is the best option for starting out and learning how to implement the protocol safely and effectively.

Cost

\$499 USD per month, Payable by debit card, credit card, check or Zelle

Non-Refundable, Non-Transferable

What's Included:

•Nutraceuticals

Single Tablet Combination Pro-Oxidant (SELQUINOX +), One Bottle, 300 Tablets, shipping included. Sufficient for at least 1 month. This product is not currently for sale online.

Delayed Release pH Compensator, 60 Capsules. Sufficient for 1 month.

Nisin - Antimicrobial Peptide

Probiotic - Lactococcus Lactic and Lactobacillus Lactose strains.

USPS Priority Mail shipping is included.

Additional nutraceuticals and supplements may be ordered online at www.norinutraceuticals.com

•Consultations

Up to a total of 1 hour of one-on-one support per month either in-person, phone or Zoom. Consultations are primarily for guidance on nutraceuticals, supplements and diet. However, support is also applicable to test results and advice on all treatment options.

Additional consultations are available at \$125 for 30 minutes.

•Written Materials

Dietary Guidelines

Nutraceutical Guidelines

Supplement Guidelines

Plan B

This plan is the same as plan A but does not include consultations.

Cost

\$399 USD per month, Payable by debit card, credit card, check or Zelle

Non-Refundable, Non-Transferable

Consultations are available at \$125 for 30 minutes.

Plan C

This is our lowest cost monthly plan. Included is the single tablet nutraceutical cocktail tablet. It does not include consultations but does include access to written support materials, weekly Zoom group meetings and Facebook support groups.

Cost

\$ 249 USD per month, Payable by debit card, credit card, check or Zelle

Non-Refundable, Non-Transferable

What's Included

•Nutraceuticals

Single Tablet Combination Pro-Oxidant (SELQUINOX +), One Bottle, 300 Tablets, shipping included. Sufficient for at least 1 month. This product is not currently for sale online.

Terms and Conditions

1. NORI is not licensed to provide medical care, write prescriptions, diagnose or treat any disease and makes no claims to be able to cure any disease. NORI is an independent research organization focused on discovering methods of utilizing diet, nutraceuticals and lifestyle to enhance the effectiveness and safety of conventional cancer care. NORI will provide compassionate care to cancer patients who have exhausted all options within the standard of care.
2. NORI provides nutritional support and lifestyle coaching to cancer patients based on the most current scientific information available.
3. The NORI support program is designed to augment a patients overall treatment plan and is not intended as a substitute for standard medical care.
3. NORI prefers that the client works together with his/her primary physician, oncologist or naturopath and NORI to ensure optimal care, proper diagnostics and monitoring and maintains the availability of all treatment options.
4. NORI reserves the right to disapprove access to our online support group for any offensive, rude or inappropriate behavior. Users of the support group must respect the privacy, religious beliefs and individual choices of other group members. The purpose of the NORI support group is to share valuable information, provide hope, offer encouragement and each individual's unique treatment plan.

5. Donations are not tax deductible at this time. NORI plans to obtain non-profit 501(c)3 status in the near future.
6. Under certain circumstances, NORI may provide partial refunds.
7. NORI shall not be held liable in any manner for medical expenses or any damage. The client assumes all risks that may be associated with the NORI support program.
8. NORI does not sell nutraceutical products to individuals. Nutraceutical products are provided by NORI as a part of the nutritional support program. New and advanced nutraceutical products are constantly under development and will be incorporated into the support program as they become available. All nutraceutical products are based on natural compounds, herbal extracts and nontoxic excipients. At the recommended doses, the nutraceutical products do not cause any adverse side effects. In some cases, one may experience side effects from rapid tumor inflammation or die-off.
9. NORI is a research organization and greatly appreciates the opportunity to serve cancer patients by offering diet and lifestyle guidance that may enhance their healing process. In return, NORI gains knowledge and experience through clinical case studies investigating how our program improves cancer treatment outcome and survival. Clients may be contacted by clinical researchers to generate documentation of their progress.
10. NORI respects client's privacy and will not share medical records or health status without prior consent.
11. If any disputes arise between NORI and the client, it is agreed that both parties will seek mediation as a remedy.

What is SELQUINOX + ?

SELQUINOX is a patent pending groundbreaking nutraceutical product that powerfully and selectively targets and kills cancer cells. SELQUINOX was developed over a decade from extensive translational research. It is a redox-active pro-oxidant that targets the Achilles heel of cancer cells, sensitivity to oxidative stress. The nutraceutical is an all-in-one tablet consisting of sodium selenite, vitamin B6 (P5P), a redox active quinone, iron, zinc, copper, zinc and manganese all at the optimal dosages.
