General

Our home-based nutritional support program, clinical nutrition and cancer coaching services are not covered by insurance. We try to keep our rates as affordable as possible and provide our clients with high value support, guidance, nutraceutical products and programs. Our services are offered worldwide.

We specialize in supporting cancer treatment but also offer nutritional support for other conditions such as diabetes, cardiovascular disease, digestive disorders, arthritis, obesity, autoimmune diseases and emotional imbalance. We also offer anti-aging support through scientifically validated nutritional and lifestyle interventions.

Initial Consultations

NORI provides initial consultations to anyone interested in our Nutritional Support Program or other services. Consultations can be in-person, by phone or Zoom. Initial consultations are \$125 USD for one hour.

60 Minutes	\$150 USD
120 Minutes	\$225 USD

Home-Based Nutritional Support Program

NORI offers a comprehensive home-based nutritional support program that includes all the necessary supplements and nutraceuticals with the exception of natural hormone blockers. The program does not include OTC or off-label drugs. All supplements are formulated and manufactured in-house by NORI Nutraceuticals. No IV treatments are required for this program.

Our program does not include methioninase which is an optional supplement to support a methionine restricted diet. Methioninase can be obtained from Dr. Robert Hoffman, AntiCancer, Inc. Dr. Hoffman can be reached at 619-885-2284.

The NORI Nutritional Support Program includes:

- Unlimited nutritional counseling, coaching and general support provided by Mark Simon, Director. Direct access provided via, text, phone and Zoom.
- Access to our private online support group.
- All necessary supplements and nutraceuticals required for the home-based nutritional support program. NORI will provide new nutraceutical products at no extra charge as they are developed. The NORI protocol has recently evolved into a ferroptosis inducing protocol which is believed to be more effective in killing cancer stem cells.

Terms and Conditions

1. NORI is not licensed to provide medical care, write prescriptions, diagnose or treat any disease and makes no claims to be able to cure any disease. NORI is an independent research organization focused on discovering methods of utilizing diet, nutraceuticals and lifestyle to enhance the effectiveness and safety of conventional cancer care. NORI will provide compassionate care to cancer patients who have exhausted all options within the standard of care.
2. NORI provides nutritional support and lifestyle coaching to cancer patients based on the most current scientific information available.
3. The NORI support program is designed to augment a patients overall treatment plan and is not intended as a substitute for standard medical care.
3. NORI prefers that the client works together with his/her primary physician, oncologist or naturopath and NORI to ensure optimal care, proper diagnostics and monitoring and maintains the availability of all treatment options.
4. NORI reserves the right to disapprove access to our online support group for any offensive, rude or inappropriate behavior. Users of the support group must respect the privacy, religious beliefs and individual choices of other group members. The purpose of the NORI support group is to share valuable information, provide hope, offer

encouragement and each individual's unique treatment plan.

5. Donations are not tax deductible at this time. NORI plans to obtain non-profit 501(c)3 status in the near future.
6. Under certain circumstances, NORI may provide partial refunds.
7. NORI shall not be held liable in any manner for medical expenses or any damage. The client assumes all risks that may be associated with the NORI support program.
8. Nutraceutical products are provided by NORI as a part of the nutritional support program. New and advanced nutraceutical products are constantly under development and will be incorporated into the support program as they become available. All nutraceutical products are based on natural compounds, herbal extracts and nontoxic excipients. At the recommended doses, the nutraceutical products do not cause any adverse side effects. In some cases, one may experience side effects from rapid tumor inflammation or die-off.
9. NORI is a research organization and greatly appreciates the opportunity to serve cancer patients by offering diet and lifestyle guidance that may enhance their healing process. In return, NORI gains knowledge and experience through clinical case studies investigating how our program improves cancer treatment outcome and survival. Clients may be contacted by clinical researchers to generate documentation of their progress.
10. NORI respects client's privacy and will not share medical records or health status without prior consent.
11. If any disputes arise between NORI and the client, it is agreed that both parties will seek mediation as a remedy.
