Revised March 2019

**Note:** NORI has attempted to maintain our current fee schedule dated December 2017 but due to increased costs of materials, production, administration, advertising and general overhead, NORI must increase fees for services. NORI understands that our services are not covered by insurance so we strive to keep our fees and payment schedule as accessible and affordable as possible.

### Initial Consultations

NORI provides no-cost consultations to anyone interested in our nutritional support program or other services. The consultation may last for up to one hour.
