Dear Members and Friends of Christ the King Lutheran Church,

I think of the words of the Apostle Paul in 1 Corinthians 1:4, "I give thanks to God always for you because of the grace of God which was given you in Christ Jesus" as I reflect on the time I was privileged to spend with you here at CTK. During the interview with members of the congregation back in December 2018 I was asked why I might want to come to CTK and leave

my work with LSS. While my time at LSS was rewarding and challenging I missed the community of parish ministry. I was blessed to find that sense of community here. Thank you for warmly welcoming me and sharing your lives with me.

God has work for Christ the King Lutheran Church here in Lake Country and in the wider world. Be open to the leading of the Holy Spirit to do a new thing here. The pandemic is forcing people of faith to take a fresh look at how we do things and to consider again the priorities and the mission of the church. We are called to be the hands and feet of Christ in the world. As we are asked to account before God for our lives and conduct, Jesus reminds us that "I was naked and you clothed me, I was sick and you visited me, I was in prison and you came to me" (Matthew 25:36).

Continue to be the church that the world so desperately needs. I give thanks to God always for you.

The Lord bless you and keep you.

The Lord make his face shine on you
and be gracious to you.

The Lord look upon you with favor and give you peace.

Amen

Pastor James Holmberg

This very powerful and informative video,

[Social Media Dangers Documentary - Childhood 2.0](#), shows how “the first time in history, mental illness and suicide have become one of the greatest threats to school-aged children. Many parents still view dangers as primarily physical and external, but they’re missing the real danger: kids spending more time online and less time engaging in real life ...” The video runs 1 hour and 28 minutes, but is great information for ALL!

Adults may want to preview prior to watching with youth to begin thinking how to approach conversations with their child(ren) when viewing the documentary together.
