Stop Trafficking Together in Lake Country (STTLC)

These handouts are being shared by 5-Stones Dodge County with students and parents regarding on-line safety. We felt there is great information here, and that these offer an opportunity for parents and children to begin or continue some great discussion on this subject. Predators are not slowing down due to this pandemic, but are actually increasing their trolling of children (based on FBI data) as they know how much more time children are spending on-line.
