

Devon Public Health Nursing Service (School Nursing) in Primary Schools

Dear Parent/Carer

We would like to take the opportunity to introduce you to the School Nursing team now that your child has joined the school.

Your School Nurse team works within schools and the wider community to:

- Provide health advice to help children and young people make the best of their education
- Provide advice and support to parent/carers and schools
- Support young people to look after their own health
- Direct children and their families to the right services.
- Undertake review of growth as part of National Child Measurement programme (Reception and Year 6).
- Identify health needs and trends at a community level to inform current and future services and allocation of resources.

This is provided via:

- A referral system so parents, carers, young people and professionals can request support from the School Nurse team/service
- Confidential clinic appointments (book via PHN hub)
- Phone advice and support (PHN hub contact details below)
- Text advice and support (via ChatHealth, details below)

As a parent you can talk to the School Nurse about any health concerns for your child which may include:

- Healthy lifestyle choices - including healthy eating and physical activity
- Worries about your child's physical and mental health
- Body shape or size
- Stress at school or at home
- Management of a health condition
- Keeping safe
- Friendships and bullying
- Sleep
- Bladder and bowel issues (toileting advice)

When we work with families, confidentiality and information sharing will be discussed with you. If there is a concern that someone may be suffering, or is at risk of significant harm information is shared following safeguarding procedures.

YOUR SCHOOL NURSE TEAM can be contacted at:
