16- Would you like a Standard shower faucet, Rain head, or Shower wand

Standard shower faucet	Rain head	Shower wand	All three
------------------------	-----------	-------------	-----------

17- Would you like a Niche or Soap dish?

Niche
soap

What distinguishes a niche from a soap dish? A niche is a recessed, rectangular cutout in a wall, maximizing space efficiency for soap and related items. Conversely, a soap dish is typically a small, 8-inch pie-shaped shelf, often made of granite or glass, positioned in a corner between walls, projecting into the shower or tub area to accommodate 2-3 shampoo bottles.

Niche	How large would you like your Niche	Standard 12x20	¾ length	full length
Soap	How many would you Like?		2	4
	Would you like a bench seat?		Yes	No
	Would you like a toe hold		Yes	No

Toe hold is a small 8" Pie shaped piece of granite or stone, used to place your foot on while shaving

	Would you like a tiled wall or fiberglass wall?			Tiled
				Fiberglass
				Unsure
Tiled	Mosaic tiles, Marble Large format or specialty shaped?			Mosaic
				Marble
				LFT
				Specialty

Mosaic tiles, typically mounted on mesh sheathing, are available in various materials including glass, stone, metal, and marble. While generally small, they can exhibit intricate designs and shapes. Note that marble and

specialty shapes command higher costs due to increased material and labor expenses associated with their demanding cutting, handling, and installation processes.

Would you like a Niche or Soap dish?		Niche	soap	
Niche	How large would you like your Niche	Standard 12x20	¾ length	full Length
Soap	How many would you Like?		2	4
Would you Like Glass doors or curtain rod?		Glass door	Curtain Rod
