

American Overwatch K-9 Services presents:

**Hosted by Hutto P.D.**

**Nov. 13-15<sup>th</sup>, 2019**

**Hutto, Texas**

**Advanced K-9 Development  
for Real World Deployments  
a.k.a. "Street-Worthy K-9"**

This three-day course was designed to prepare your K-9 teams to have successful deployments under demanding real-world-conditions and to apprehend and stay in the fight against violent suspects they will encounter on street. Our instructors and expert decoys will work individually with each K-9 team to understand their unique strengths and weaknesses. Each team will then be strategically and progressively challenged utilizing advanced training techniques, combined with the state-of-the-art training aids (including [www.ArminLeggan.com](http://www.ArminLeggan.com) products), to significantly build the skills, confidence and abilities of each team. K-9 handlers will also learn and practice the most effective and expedient bite removal techniques which will significantly reduce the potential for liability against their agency and themselves.

Our end goal is to transform your partner into a true "Street-Worthy K-9" and to make your K-9 team a viable asset to your department, help you avoid costly and embarrassing failures, and provide an invaluable layer of safety for fellow officers and members of your community.

**Tuition: \$475 per K-9 Team (Handler & Dog)  
\$250 per Decoy (See below)**

Decoys looking to improve their decoy skills are welcome to attend. The decoy methods taught and used in this course will transform a novice decoy into a true professional K-9 helper. There can be no reliable K-9 team without the assistance from an experienced helper. This course brings that experience like no other.

**\*30 hours of training reportable to TCOLE for continuing law enforcement education.**
