

Patient Portal Instructions

Elation Passport Registration

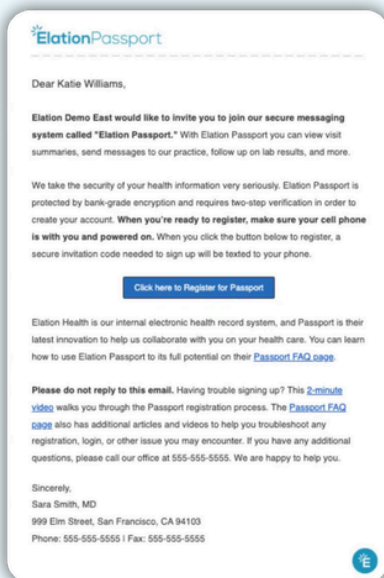

New users **must register** before signing in. To register, contact your Walton County Employee Health Clinic care team and follow the steps below.

If you're already registered, [click here](#) to log in.

What is Elation Passport?

Elation Passport lets your provider send you secure messages, similar to email. You'll receive an email or text notification when you have a new message and can log in to view it. In Passport, you can read and reply to messages, review attachments like lab results, and communicate directly with your Walton County Employee Health Clinic care team. You can also access your health information, including allergies, current medications, and visit notes all in one place.

Account Setup

To get started, contact your Walton County Employee Health Clinic care team to set up your account. They will send you an invitation to activate your Elation Passport.

You'll need to provide:

- A valid email address where your invitation will be sent
- A mobile phone number where your activation code will be delivered

If you do not have access to an email address or a mobile phone, please speak with your care team about alternative options for setting up your Elation Passport account.

Activate Your Account

- 1 You will receive an invitation email from "support@elationpassport.com" with the subject line [Provider's Name] has a secure message for you.
- 2 Open the email and click the "Click here to Register for Passport" button.
- 3 A new page will open and prompt you to enter a 7-digit Passport Invitation Code and to create a password. The 7-digit Passport Invitation Code will be texted to the cell phone number stored in your chart.
- 4 You must enter the 7-digit Passport Invitation Code, create a password, and enter it twice. Agree to Elation's Terms of Service and specify if you are a patient or a legal representative of the patient before you can complete registration.
- 5 Once all fields are complete, click "Submit" to complete registration, and then you will be brought into your Passport account.

ElationPassport

An invitation code has been texted to:
555-667-6875

If this is not your cell phone number or you have not received a text message, please call your doctor's office at 555-666-6666 to update your number and/or retrieve your code.

Activate Your Account

katie.williams@patient.com

Your password must be at least 8 characters and contain one number or special character.
