The Defiant International Founders Collection, is a unique and exclusive collection. Using Classical art concepts, with high resolution art & photography. And custom A.I programs, to create exclusively unique Digital art. Our Collections also provide the buyer of our NFT'S. A chance to back a new form of use, for blockchain & NFT technology. In addition to creating the funding solutions, for start-ups & small to mid size businesses. while creating the best safety nets, for all buyers, traders, and investors.

Detailed in the following is what you have and will receive. For purchasing an NFT from our various collections.

Digital Asset & Revenue Interest layout:

- The Ownership of Revenue Interest, that is embedded in each NFT. Will be in a multi-industry organization and fund. Under development, in multiple current projects and businesses
- Founders Collection Amount: \$5,000,000.00 USD for the entire collection, with 500 Total NFT'S in this collection.
- Value of one NFT in this collection = \$10,000.00 USD
- The potential for good quarterly revenue the first 24 to 48 month period. With the potential of revenue increasing, from the growth of Defiant International Inc. And the fund and companies, we support in development, expansion, & growth. Please note, this is not including the value and potential returns on the Digital Asset (NFT) itself.

Synopsis:

- We focus on funding small and midsized businesses through NFT based fundraising solutions (process utility patent and trademark pending) using blockchain technology and complex AI systems for growth and expansion
- Revenue sharing fund connected to the NFT will also create a K1 for the year. For any applicable tax breaks needed.
- Not only will you own interest, but you will hold a digital asset (NFT). Both of which secure the other, from all forms of theft. And both of which give you full control of your asset, purchase, & interest. Into the Defiant International collection and fund.

Opportunity:

- Opportunity to generate passive Quarterly income. While developing long-lived, consistent cash flow
- Rising rates and prices, coupled with rising worldwide demand for everything. equals higher overall returns on your purchase.
- Opportunity to acquire several upside potential projects and companies. at a lower rate, while also getting cost efficient labor and equipment.

Project Strengths:

- Acquisition of existing projects and companies, to generate immediate cash flow.
- Established, historically prolific companies, projects, teams, and executives across many industries of focus
- 20% to 40% potential projected ROP annually and pre-tax incentives. With a potential, 1x to 10x average annual return. On a high profile Digital Asset (NFT) in itself.
- Dual Security for your digital asset and revenue interest embedded in the NFT.

Corporate Division's backing the NFT:

- Defiant Technology – Focuses on Blockchain Educational Facilities and Crypto mining companies (ability to be at the fore front of the blockchain/web3 revolution. by Training and mentoring the next generation of blockchain/web3 users and entrepreneurs)
- Defiant Energy – Oil and Natural Gas production Fund (can create net neutral operations using modern technology. With the additional ability to use the natural gas wells to mine crypto. And producing oil, to continue assisting in lowering rising gas prices. and product and food shortages. With the addition of providing huge tax incentives.)
- Defiant Entertainment – Broad focus on Film, Music and media Companies (Ideal for high profile NFT collaborations. And helping the next generation of actors, screenwriters, producers, directors, influencers, musicians, and personalities.)
- Defiant Properties – Focuses on Real Estate Opportunities for Feature & Short Films, music videos, Social media videos, and Television projects. as well as commercial properties. And for the daily, weekly, and monthly rental properties industry. (this provides steady monthly cash flow, assets, collateral, and tax incentives. Also ideal for networking to create high profile NFT collaborations)

All division's support, promote, and market each collection. to create value and awareness, for every available collection.

Description:

- Opportunity to be a part of revolutionary collections, holding company, and fund. That will change the way small and midsize businesses access capital.
- Purchase & development of multiple real estate properties, Energy properties, films & television projects with well-known actors, blockchain educational Facilities, NFT creation, metaverse development and acquisition, and mining for cryptocurrency
- Develop net neutral oil and natural gas reserves. while mining for all types of cryptocurrency. And Creating huge tax incentives.
- Making the focus, on giving small to midsize businesses an opportunity to get funding. when private equity, hedge funds, angel investors, and banks have failed them.
