

ENVIRONMENTAL LEGAL AWARENESS & EVALUATION OF COMPLIANCE TRAINING

MTBM Group Sdn. Bhd. (1600656-M)

Level 8, MCT Tower, Sky Park, One City, Jalan USJ 25/1, 47650 Subang Jaya, Selangor

Course Title: Environmental Legal Awareness & Evaluation of Compliance Training

Course Validity: 2 Days

Validity: Not Applicable

HRD Corp Scheme: Claimable

INTRODUCTION

This training provides participants with a comprehensive understanding of Malaysia's environmental legal requirements and how to evaluate compliance effectively within an organisation. It covers key legislation, regulatory obligations, licensing requirements, monitoring duties and enforcement mechanisms. Participants will learn how to interpret laws, identify compliance gaps, manage environmental risks and establish a systematic approach to evaluating compliance as required under ISO 14001:2015. The course also guides participants on maintaining evidence, documentation and corrective actions for continuous improvement.

OBJECTIVE(S):

- Understand major environmental laws and regulatory requirements in Malaysia
- Learn obligations under EQA 1974 and related environmental regulations
- Strengthen capability in identifying legal and other requirements applicable to operations
- Improve understanding of licensing, permits, notifications & reporting duties
- Learn systematic methods for evaluating environmental compliance
- Enhance documentation, evidence gathering and compliance tracking
- Understand penalties, enforcement powers and organisational liabilities
- Support continuous improvement of environmental performance and legal readiness

TARGET GROUP(S):

- Environmental, ESG & sustainability personnel
- EHS managers, officers & coordinators
- Compliance, regulatory & quality teams
- Operations, engineering & facility management
- Organisations certified or preparing for ISO 14001

ENTRY REQUIREMENT(S):

- Able to read and interpret basic regulations
- Basic understanding of ISO 14001 is helpful

TOPIC(S):

1. Overview of Environmental Legislation & Regulatory Framework in Malaysia
2. Environmental Quality Act 1974 & Key Regulations
3. Licensing, Permits, Notifications & Reporting Requirements
4. Identifying Applicable Legal & Other Requirements
5. Evaluation of Compliance Methods & ISO 14001 Requirements
6. Enforcement Powers, Penalties & Legal Liabilities
7. Documenting Compliance Evidence & Managing Corrective Actions
8. Developing an Effective Environmental Compliance Programme

LIST OF REFERENCE BOOK(S):
