A happy, healthy pet is one that's engaged and active!

While food and hay are essential, your pet's overall wellbeing requires a more comprehensive approach. Just like a balanced diet, your pet needs daily opportunities for play, exploration, and mental stimulation to thrive.

Carrot Cottage's enrichment products are carefully crafted with natural, safe materials to nurture your pet's instinctual behaviors.

Browse our range of chews, toys, puzzles, hides, and habitat accessories to create a fulfilling environment for your beloved pet.

THE PAW-FECT GUIDE

SYMBOLS EXPLAINED

AMUSEMENT

Toys provide mental stimulation and challenge for rabbits, helping to prevent boredom, stress, and behavioral problems by keeping their curious minds engaged and active. By rotating toys regularly, you can keep your rabbit's mind fresh and excited, promoting a happy and healthy mental state.

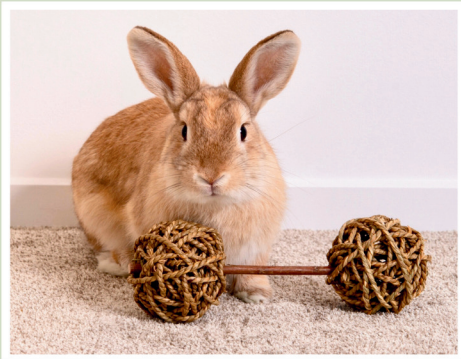

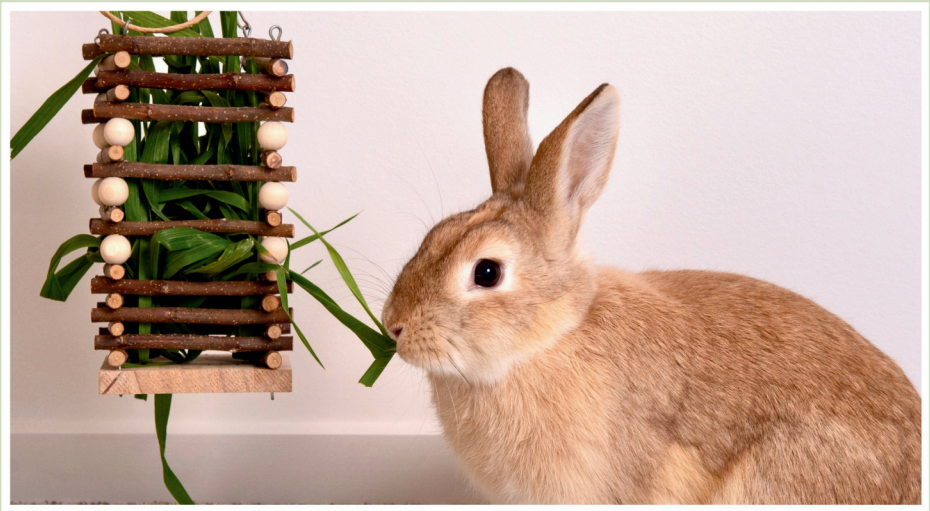

CHEW

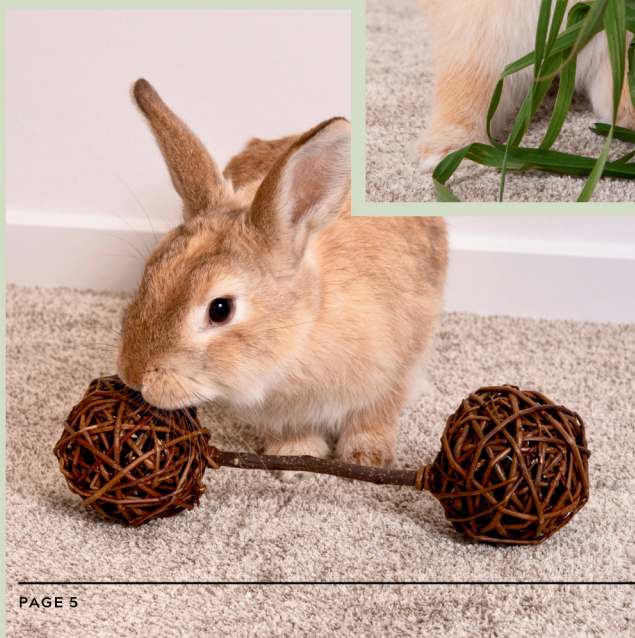

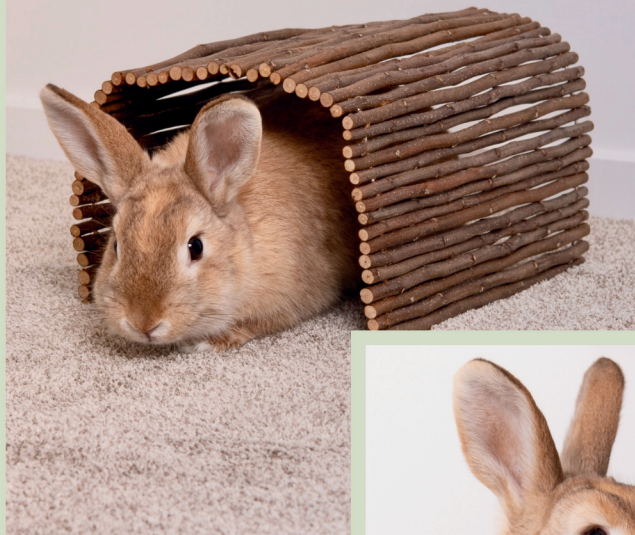

Chewing is a natural behavior for rabbits, and is essential for maintaining good dental health by wearing down their constantly growing teeth. By providing plenty of chew toys and treats, you can help keep your rabbit's teeth healthy and promote overall well-being.

SHELTER

Hiding spots provide rabbits with a sense of security and comfort, allowing them to feel safe and protected from potential threats. By offering plenty of hiding places, such as tunnels, boxes, and huts, you can help reduce your rabbit's stress levels and create a cozy and welcoming environment.
