

## **Bethlehem Authority Police Report**

### **Nov 2021**

1. I attended the McMichael Hunting Club meeting in October. Meeting wasn't much in the way of information. Very few questions for me. Each member wanted to tell hunting stories from their lease.
2. Two Fishermen were located on the Wild Creek Dam. Both had out of state residences and neither had a fishing license. Both were cited for Trespassing by Authority Officer. PA Fish and Boat Commission cited both for not having a fishing license
3. An abandoned vehicle was located on Hell Hollow Rd. The vehicle did not have a registration plate. A check of the VIN came back to an address in Stroudsburg and did not show a registration linked to the vehicle. PA State Police assisted with vehicle removal.
4. Met with TNC personnel for video shoot in the Long Pond area. A request was made for drone footage from Tunkhannock and both reservoirs which I was able to obtain for them.

5. I assisted a hunter with tracking an injured deer that ran inside the Wild Creek fence. The trail did not appear to show a fatal injury. A check of the area the next day did not locate any injured/ dead deer. City maintenance staff repaired the hole in the fence later that day.

6. Two men were stopped by BA Deputy while riding dirt bikes in the Wild Creek area. Both had acknowledged being on the property before and the PA game Commission cited each with maximum fines.

7. The contracted for fire lane clearing in long pond has gone well. The crew knocked the brush back well enough for trucks to travel without scrub oaks rubbing against the sides.

8. I located a hunter on Hell Hollow Rd that was upset. I found that he was twisted around and couldn't remember where he parked or entered the woods. Once he gave me a description of his vehicle I was able to get him back to his car.
