MONB720	80	800GM	10,000M	- Drapes - Leather - Upholstery - Rugs, carpets

#### Monofilament Sewing Thread

- Semi-translucent quality that blends in with the fabrics
- Excellent choice for blind stitching & making exposed stitches or seams as invisible as possible
- Can usually handle continuous heat up to 140C before breaking down
- Has excellent abrasion resistance
- Has good resistance to bleaches, solvents, acids, and Alkalis
