

Grand Lodge of Florida Biennium Convention

May 28th–June 1st, 2025

The Biennium Convention was a resounding success, bringing together members from across Florida for meaningful discussions, camaraderie, and celebration

The opening ceremony set an inspiring tone as Father Chuck led us in prayer, followed by the Osceola County Color Guard's presentation of the Pledge of Allegiance. We were honored to welcome a special guest, National Lodge President Michael Polo, who spoke passionately about the strength of our organization, the unity of our lodges nationwide, and the enduring traditions that bind us together.

With refreshed minds on the second day, we made significant strides in resolving long-standing challenges. After completing the voting process, we recessed for lunch in the President's suite, where an assortment of sandwiches, cheeseboards, fresh fruit, and decadent desserts awaited us. This break provided a perfect setting to foster new friendships and deepen connections within our community.

On the final day, we completed the remaining agenda items and conducted elections for State Officers, the Arbitration Committee, and National Delegates. Father Chuck once again led us in a closing prayer, followed by a private mass for attendees.

Later that evening, the convention culminated in a grand dinner and dance celebrating the installation of newly elected officers. The event featured outstanding cuisine, live music, and a silent auction, marking a joyous conclusion to an enriching gathering.

If you can attend the Biennium Convention when it returns to the Embassy Suites Kissimmee in two years, I highly encourage you to do so. Witness firsthand how our organization continues to evolve, connect with our leadership, and build lasting friendships with like-minded individuals, you won't be disappointed.
