## ABOUT US

---

4FOXSAKE is a Hard Rock band based in London UK putting out loud anthemic music devoted to challenging the social norms. 4FOXSAKE's music of punchy riffs and catchy choruses expresses the adversity and disillusionment the band members faced as young adults. Shutting off the noise from outside, the band's explosive music explores the urge to fight and overcome entrenched social barriers through sheer will and determination.

# PRESS

"4FoxSake played raucous heavy rock with a bit of a punk attitude. Some songs veered towards straight-forward garage rock but there were one or two with more interesting Zeppelin style riffs. Patsalosavis looked very comfortable and confident on stage, coming across as something of a mix between Freddie Mercury showmanship and Phil Lynott pouting. The music itself was enjoyable if not outstanding" - PAUL WHIMPENNY / VELVETHUNDER.CO.UK

"4FoxySake brought energetic tracks which really got the beehive going! The guitar tones fitted beautifully together with immense solos! They also did some awesome vocal harmonies and the drummer was incredible although I've never seen that many cymbals in my life!!" - RADAR MUSIC GROUP
