

Cooper Surveying & Mapping JV (CooperSMJV) is approved as a SBA Mentor-Protégé Program (SBAMPP) between Cooper Aerial Surveys Co. (Protégé) and Surveying And Mapping, LLC (Mentor). The JV partnership combines the resources and capabilities of the two firms resulting in a SBA Joint Venture with coast to coast capabilities.

CAGE Code: 9PV47

NAICS Code: 541370, 541360

UEI: DQ9XSA7FAXJ7

DUNS: 119155758

Aerial Mapping

- Aerial LiDAR
- Unmanned Aerial Systems
- Photogrammetry
- Remote Sensing
- Inspection

Geomatics

- Geomatics Services
- Terrestrial LiDAR
- Mobile LiDAR
- Hydrographic Services
- Construction

BIM

- Scan to BIM
- Virtual Design Construction
- 3D Deliverables

GIS

- GPS Data Collection
- Inspection & Inventory Services
- Mapping & Data Development
- Web & Mobile Applications
- Maintenance & Support

Utility Mapping & Engineering

- Utility Design
- Subsurface Utility Engineering
- Utility Coordination
- Inspection
- Fiber Engineering
- Vacuum Excavation

LEADERS IN MODERN GEOSPATIAL SOLUTIONS

Approved SBA Mentor-Protégé Joint Venture

Cooper Aerial Surveys Co.

Cooper Aerial Surveys Co. has been providing professional mapping, orthophotography imagery, and geomatics services to governmental, engineering, and developmental organizations throughout the United States for more than 55 years.

Surveying And Mapping, LLC

SAM is a leading provider of spatial data for decision support serving utilities, transportation, and infrastructure-focused clients. As the most technically advanced professional geospatial and inspection firm in North America, SAM uses innovative technology to capture and analyze infrastructure and environmental conditions with unrivaled speed and accuracy. SAM is Trusted. Knowledgeable. Innovative. The Company was founded in 1994 and is headquartered in Austin, TX.

Cooper Aerial and SAM Join Forces to Deliver Geospatial Solution Excellence

Partner Available Resources

- **50** Offices Nationwide.
- Capability to deploy and mobilize **350+** field crews and **400+** compilers and technicians.
- **100+** Unmanned Aircraft Systems and **12** Manned Aircraft.
- **30+** Imagery and LiDAR sensors.

Why Partner With Us for Your Federal Projects?

- Powerful synergy, combining the strengths of a **substantial organization** with the unique benefits of a **Small Business Entity (SBE)**.
- **Decades of experience** supporting contracts for the U.S. Army Corps of Engineers, The U.S. Air Force, Department of Veterans Affairs, Department of Agriculture, the Department of Interior and numerous federal agencies and bureaus.
- CooperSMJV's **multi-sensor configurations** collect various high-resolution data sets in one pass, reducing the need for multiple aircraft and repeated mobilizations, thereby **speeding up data collection, minimizing fieldwork, and reducing overall project costs**.
- Our **advanced IT infrastructure**, combined with our **methodical and technologically advanced approach**, allows for swift processing and delivery of extensive data sets while ensuring high precision and accuracy.
