

Girls Build Program Task Force Call for Nominations

Serving Ashland, Bayfield, Burnett, Douglas, Polk, Price, Rusk, Taylor & Washburn Counties
along with communities in Barron & Sawyer County

Help shape the future of the Girls Build Program in our region!

Wild Rivers Habitat for Humanity is forming a Girls Build Program Task Force to build capacity and expand our Girls Build program—and we’re looking for middle school girls, high school girls, and young adult women who want to lend their voice, ideas, and leadership.

Who Can Be Nominated?

We welcome nominations for:

- Middle school girls
- High school girls
- Young adult women (students, early-career professionals, trades-interested, or community advocates)

Nominees do not need prior construction experience – just curiosity, creativity, and a desire to help other girls explore the skilled trades and leadership opportunities.

What Will Task Force Members Do?

Task Force members will:

- Participate in monthly virtual meetings
- Share ideas and feedback to strengthen and grow Girls Build
- Help plan and shape upcoming events, including a Girls Build event in conjunction with 2027 International Women’s Day
- Serve as ambassadors for Girls Build within their schools, peer groups, and communities

This is a meaningful leadership opportunity that centers youth voice, mentorship, and real-world impact.

Important Dates

Nomination Deadline: April 1, 2026

Meetings: Monthly, virtual (schedule shared after selection)

How to Nominate

Nominations must be submitted online:

Complete the [nomination form](#) on our website

Scan the QR code to nominate:

Self-nominations are welcome!

“Girls Build isn’t just about building things—it’s about building confidence, leadership, and community.”

“Girls Build showed me that my ideas matter—and that I belong in spaces where things are built, fixed, and imagined.”

“If you have ideas, curiosity, or want to make a difference for other girls, this is a place where your voice matters.”

Together, we build confidence, skills, and opportunity – for the next generation of women builders and leaders.
