To Whom It May Concern:

KJU, Inc. has been the prime contractor on many of our federally funded transportation projects over the past several years. When a project has been awarded to KJU, I know that they are qualified to perform the work and will provide the right equipment and personnel to successfully complete the job. KJU has built many quality projects in association with Cochran and we look forward to working together with KJU to build many more in the coming years. We would highly recommend KJU to any of our clients looking for a quality contractor.

If you have any questions or would like to discuss in further detail, please feel free to contact me.

Sincerely,

Tary Todd, P.E.
Director of Road & Bridge Design
Cochran
