RE: Schnarre Road Bridge Reconstruction Project  
BRO-B092(014)  
Letter of Reference

To whom it may concern:

I had the pleasure of working with KJ Unnerstall Inc. (KJU) on the Schnarre Road bridge replacement project in St. Charles County, Missouri. KJU was able to complete the project ahead of schedule, even with a very tight completion date and numerous wet weather days. They always had the right equipment on site to complete their tasks to the County's specifications and requirements. KJU had excellent quality and workmanship, to provide the County a great end product. The entire staff at KJU was always responsive to the County's needs, from turning in submittals and closing out the project.

I would recommend KJ Unnerstall Inc. to other agencies and hope to work with them on future projects.

If there are any questions, please feel free to contact me.

Sincerely,
