

COTS 2019 Sponsorship Opportunities

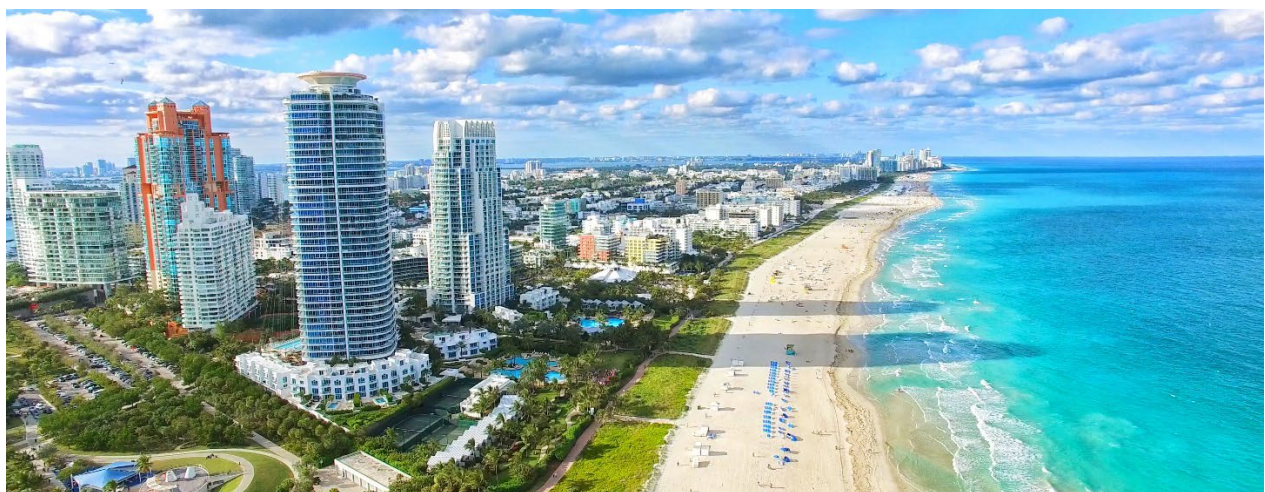

October 16-18, 2019 | Miami, FL

The 2019 Conference on Test Security offers a unique opportunity for experts across the industry to focus on test security capabilities and enhancements that protect the validity of test results and brand integrity. Industry leaders and experts will present on a variety of topics within test security, including:

- Statistical methods and applications for detecting potential test fraud
- Test security tools and methods for protecting the validity of testing results and brand integrity
- Development or improvement of an organization's test security program
- Development and use of standards for the prevention and detection of test fraud

The fast-growing conference has a 2019 program that will begin in the afternoon on October 16 and conclude in the early afternoon on October 18. The conference content will consist of workshops on October 16, and a keynote address on October 17. In addition, breakout sessions with papers and presentations on the science, policy, and practice of test security will occur on October 17-18. The conference will include numerous opportunities to network with others in the industry, including a social networking reception on the evening of October 16.

Beautiful Miami, Florida
