Well sorry I meant for the wire

Oh yes for the account address

Brendon received the wire from me for \$20k, same day 3/8/2023 and claims he will be processing an internal transfer but may take a week with the way things are going at Traders Domain.

Yep

We're good.

Yup I just received it

I'll gonna process your transfer now. May take about a week with how things are going right now lol

Okay. Lol. No problem.. Is this why you were saying there could be profits added?

Yup.

I question Brendon about profits. Never saw or got any profits.

8 days after receiving the \$20k wire, Brendon starts becoming evasive and making excuses. Thu, Mar 16 at 9:55 AM

Good morning Brendon. Any updates on transfer request going through?

Brendon Jackson >

Yes, all internal transfers have been very delayed. So I am going to provide you the login to the pooled account so you can watch the funds trade.

Initially Brendon tells me it would take a week for the internal transfer of \$20k into my account, now he makes excuses.

I came down with a fever so I'll give you the login then show you how to calculate your percentage until the transfer takes place.

Peace Brendon. Have you received any updates on traders domain migrating accounts?

Sent as Text Message

None of that will happen until the migration is finished

Good morning , I just woke up. I just got your email.

While you may terminate the agreement with me which is fine it does not entitle you to a refund as the funds are no longer in my custody.

We can discuss further when you are available. Hope this message finds you in good health.

Sent Brendon a formal email asking to terminate the transfer agreement for transferring the \$20k I wired him 3/8/2023 since by 7/22/2023 it never taken place and look at his reply.

He claims the funds are no longer in his custody and are with the broker, Trader's Domain.

Hey Brendon. Yes let's discuss further later today since you're EST.

I am in India currently so it's my morning time now

Sure thing. The funds are in the brokerage as stated previously so we will have to square that when the brokerage goes live.

Brendon insists the \$20k I wired him as investment money to be transferred into my brokerage account were in the brokerage and could be squared away when the brokerage goes live.

I'm available today.

Contract states brokerage but that is contrary to what was verbally discussed 3/6 as to where the funds would be placed but we can discuss over a call. I will get Anthony's availability and propose a time.

Brendon likes my reply because he knew at this point I knew he was lying about where my \$20k investment funds were.
