DESIGN THE LIFE YOU LOVE.

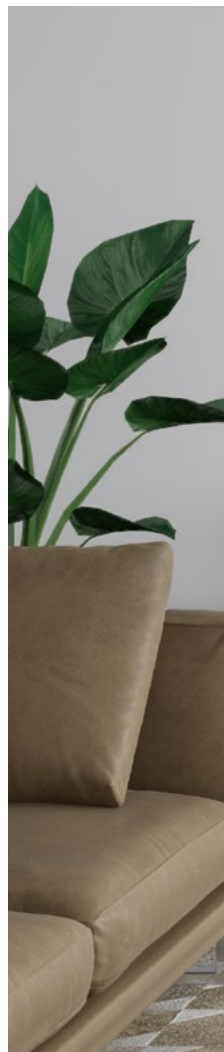

Modloft was built on the core belief that when you surround yourself with beautiful and intentional things, you create a beautiful and intentional life. Featuring a growing list of contemporary, best-selling, and must-have items, our products highlight a value-engineered approach; seamlessly combining extraordinary design with materials, finishes, and functionality, yet offered at a remarkably fair price. At our core, we've always been about making high-design more attainable to all and are focused on creating products that break conventional boundaries in home decor.

Elegant in its minimalism, unparalleled comfort, and epic scale, the Perry offers modular components creating endless configuration possibilities. Upholstered in 100% American-made Revolution Performance Fabric, the Perry's exterior is stain-resistant, exceptionally durable, easy to clean, resistant to fading, and is free of chemical treatments and PFCs. Select woods (sustainably forested) and layers of increasingly dense foam in the base offer the perfect balance of softness and support. Inner details include reinforced corner-block joinery and standard fill (polyfiber wrapped around a foam core). Laser-cut stainless steel tubing finished in reflective polish adorns the base of the sectional.

01 | **YORK LOUNGE CHAIR** Shown in Chocolate Leather. **PEARL BOOKCASE** Shown in Glossy Cathedral Ebony.
02 | **SIDNEY LOUNGE CHAIR** Shown in Black Reclaimed Leather.

The iF Product Design Award-winning Kent Lounge Chair features geometric angles to achieve the austere air of minimalist design. Yet the comfort padding on the seat and tapered back, the mix of leather and premium tweed fabric, and the solid wood frame in teak finish provide a luxurious feel with quality construction to ensure it lasts. Detailed piping adds to the visual interest of this piece.
