Grievance 73

June 18, 2019

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

The Counties of New California bring forward 95 Grievances to be announced in public on Tuesday at 11:00 am.

NEW CALIFORNIA

Grievance 73

Declaration of Grievance

Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

THE DEATH OF *republican form of government* IS THE ORDER OF THE DAY

California's mono-party political machine, its socialist Governor, along with socialist elected officials, agencies, and regional governance boards, are colluding to destroy the republican form of government in direct defiance of Article IV, Section 4 and Article VI of the United States Constitution.

The socialist California governor boasted the “Republican Party is headed 'into the waste bin of history” in a recent media interview.

“California Republicans were once a force, but have seen their power disappear over the last two decades.

Washington Republicans will "go the same direction — into the waste bin of history, the way Republicans of the '90s have gone. That’s exactly what will happen to this crop of national Republicans,” the socialist California governor stated.

Former California Gov. Pete Wilson's (R) push for a ballot measure in 1994 that prohibited illegal immigrants from gaining access to public schools and health care has been widely linked to the GOP's erosion in the state.

The socialist governor drew a connection between that and today's politics. “America in 2019 is California in the 1990s,” the socialist stated.

“The xenophobia, the nativism, the fear of ‘the other.’ Scapegoating. Talking down or past people. The hysteria. And so, we’re not going to put up with that. We are going to push back.”

The socialist governor also took several shots at [President Trump](#), though he stopped short of calling for impeachment proceedings to begin. He instead voiced his support for the House Speaker (D-Calif.), a longtime friend and fellow San Franciscan.

“What’s so remarkable about someone with the experience and temperament of the Speaker is that she’s seen a lot of movies,” the socialist said. “She’s been there. She’s got a better sense than a lot of folks. So I think we should stay the course. What we’re doing is working ... I think Democrats are winning right now.”

In California there is a socialist mono party system not a republican form of governance in direct violation of Article IV, Section 3 and Article VI.

In order to achieve such status in California there needed to be a well coordinated design taking years to execute where all aspects of **life** came under the same scrutiny with the **expressed purpose of censoring** opposition to replacing Natural Rights, natural families, cultures and

beliefs with those that conform to the expectation of the total dominance structure of socialism.

Voices have been silenced. The republic is dead in California. So it is in California today but it does not have to be for the rest of the nation.

⁶ Article IV, Section 4 states: "***The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.***"

In the words of the Declaration of Independence, governments derive "their just powers from the consent of the governed." Without that consent, governments are tyrannies, unjustly handing out penalties with the stolen power they have seized by force or manipulation. So it is in California.

Insurrection

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in **acts of insurrection** against the U.S. Constitution.

The **Insurrection Act of 1807** is a United States federal law that governs the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities of authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.
