Declaration of Grievance

Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI Section 2

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

**Special Letter to President
Donald J. Trump**

“Mr. President:

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution. Forty Seven New California State County Committees have been formed with the expressed purpose to create the State of New California. When New California is formed it will have a population of rural New California Citizens of over 18 million.

New Californians believe we’re currently living in a tyranny and want to live in a State that respects the "rule of law", and protects our liberty and independence as guaranteed in Article IV, Section Four and protected by Article VI, Section Two of the United States Constitution.

"We the People" are working to take back the power from the centralized government in Sacramento using the guidance provided in the United States Declaration of Independence, the Constitution and the Bill of Rights.

On January 15, 2018 the Counties of New California declared their Independence from the state of California. On July 21, 2018 New California State delegates convened their first constitutional convention and then again delegates met on October 5-6, 2018 to convene their second constitutional convention. For the third time on January 26, 2019, delegates from New California State gathered to construct the state’s constitution and conduct legislation designed to create the 51st state of the Union New California State.

During the January 26, 2019 legislative session the New California State Assembly and Senate passed three “Joint Resolutions” related to Article IV, Section Four and Article VI, Section Two of the United States Constitution New California Joint Resolutions 19-01, 19-02 and 19-03. These three resolutions address urgent concerns regarding maintaining our republican form of government, freedom from invasion and protection against domestic violence. Attached to this letter are New California Joint Resolutions 19-01, 19-02 and 19-03.

Mr. President we believe the Union of States we call the United States of America is at risk by the actions of California State.

New Californians are committed to form a new state from California utilizing Article IV, Section Three of the United States Constitution as a solution to the current rein of tyranny being foisted upon United States Citizens living in California state”.

Insurrection

The government of California, the current governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in *acts of insurrection* against the U.S. Constitution.

The **Insurrection Act of 1807** is a United States federal law that governs the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

Illegal Acts and Tactics

Utilizing *Marxist-Leninist* and *Maoist revolutionary tactics* the California governor, mono-party system and local government officials support and celebrate these tactics as a means to introduce and subvert all aspects of California government and civil society in an attempt to destroy the State of California and breakdown the sovereignty of the Union of States of America.

Acts of Secession

Therefore the California government in conjunction with the communist state executive, instituted wherever the current communist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting communist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities of authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings. *newcaliforniastate.com* (877) 828 2753
