New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

Declaration of Grievance

Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI Section 2

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

MASS DISASTER IS THE ORDER OF THE DAY

The California socialist governor the socialist mono party government along their socialist associates at the county and city levels are engaging in mass disaster in the rural counties of California known as New California State.

For years the socialist governors and mono party system have been using “climate change” and “global warming” as an excuse to divert money from necessary infrastructure to keep all Californians safe and secure. Now California is faced with one of the wettest years on record and the infrastructure to keep all Citizens safe is in failure mode.

California’s system of water ways, dams and reservoirs were once the envy of the world and served the growing population of Citizens well until socialist governors, the mono party system and socialist county and city officials started to illegally divert both federal and state money away from the maintenance, up keep and construction of this critical infrastructure.

It is obvious these socialist government leaders have used the money dedicated for critical infrastructure to enrich themselves and their cronies to push a radical agenda of environmentalism that is now poised to create death and destruction on a scale never before seen in modern times.

Californians have witnessed this scenario before over the last 10 years with our socialist governor and his socialist cronies using massive fires across the state to create a form of disaster capitalism where they failed to use federal and state money to properly manage forests which set the stage for massive fires which caused hundreds of deaths, massive environmental damage and billions of dollars in property damage.

Federal and state money which was intended to be used on infrastructure having been diverted to illegal activities has also hindered the abilities of first responders and protective services to properly plan for anticipated massive flooding in the areas prone to suffer the most from improperly maintained dams, levees and water ways.

Being properly prepared for an emergency is just as important as the response but the money to be prepared and ready to respond is not available to first responders and local officials including the California National Guard because the California state government does not have the cash reserves to pay these necessary assets.

The stage is set for mass disaster. The world saw in 2017 the near death of over 1 million Californians when the Oroville dam was allowed by state officials to over top and go into failure mode. Because California had been in a socialist declared drought the Oroville dam was left in deliberate disrepair for years. Oroville dam is only one of the thousands of dams in California in similar states of disrepair.

Insurrection

The government of California, the current governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in **acts of insurrection** against the U.S. Constitution.

The **Insurrection Act of 1807** is a United States federal law that governs the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting communist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings. *newcaliforniastate.com* (877) 828 2753
