## Declaration of Grievance Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

**California State Government is in Direct Violation of the Following:**

### **United States Constitution Article IV Section 4**

***"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."***

### **United States Constitution Article VI Section 2**

***This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.***

**TAXATION WITHOUT REPRESENTATION IS THE ORDER OF THE DAY**

"No taxation without representation" is a slogan originating during the 1700s that summarized one of 27 colonial grievances of the American Declaration Independence of the colonists in the Thirteen Colonies, which was one of the major causes of the American Revolution. In short, many in those colonies believed that, as they were not directly represented in the distant British Parliament, any laws it passed affecting the colonists were not justified.

The firm belief that a government should not tax a populace unless that populace is somehow represented in the government developed in the English Civil War following the refusal of parliamentarian John Hampden to pay ship money tax. "No taxation without representation," in the context of British American Colonial taxation, appeared for the first time in the February 1768 in the printing of Lord Camden's "Speech on the Declaratory Bill of the Sovereignty of Great Britain over the Colonies.

For those sympathetic to *republicanism*, any tax revenue measures that were voted into effect without the direct representation of Americans were "unconstitutional" and "pernicious. Thinkers of the time felt that *virtual* representation was "subversive of liberty" and "unjust in its principles" and that the British House of Commons must include colonial representatives when it voted on colonial matters, or operate by using the consent of the colonial Assemblies.

So it is with the state of California that it has become a "virtual" taxation centralized government that does not represent the Citizens of the United States living in California. California has the highest taxes across the board of any state in the Union yet with massive spending on social programs and corrupt payoffs to socialist cronies the state of California is failing to pay the basic bills due to vendors who provide essential services.

Reports are no coming in that those who do business with the state of California are not being paid in a timely manner. This not new to those who have done business with the state of California the state has made it a habit to slow pay. What is new is the cash flow into the state have slowed dramatically making it an acute crisis for the state of California to provide the essential services to maintain the requirements of Article IV Section 4 of the U.S. Constitution.

Blatant violations of the United States Constitution by the California socialist governor and socialist legislature have become a regular and common occurrence. Enabled by an annual 11-month legislative cycle the number of bills introduced into the legislature is not just staggering but allows for maximum violations of the United States Constitution. So it is the case with California.

Article IV, Section 4 states: "*The United States shall guarantee to every state in this union a republican form of government...*" A "republican form of government" is what the government must guarantee to every citizen of the United States.

The definition of *republic* refers specifically to a form of government in which elected individuals represent the citizen body—and exercise power according to the rule of law under a constitution, including the separation of powers with an elected head of state, referred to as a **constitutional republic**.

In the words of the Declaration of Independence, governments derive “their just powers from the consent of the governed.” Without that consent, governments are tyrannies, unjustly handing out penalties — or sweetheart deals — with the stolen power they have seized by force or manipulation

**OBEDIENCE TO THE ROGUE GOVERNMENT OF CALIFORNIA IS  
DISOBEDIENCE TO THE UNITED STATES CONSTITUTION**

## **Insurrection**

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in **acts of insurrection** against the U.S. Constitution.

The **Insurrection Act of 1807** is a United States federal law that governs the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

## **Acts of Secession**

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

## **Abdication of Authority**

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

## **Prayer**

**The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.**
