

Think about a positive role model you have in your life. Consider the difference their caring presence has made. **You have what it takes to be that role model for someone else!**

Big Brothers Big Sisters of Kentuckiana is helping young people realize and achieve their full potential through the power of mentorship, and as one of our volunteers at the Nativity Academy at St. Boniface, **you can be a mentor** for a middle school student in your community.

★ Throughout each mentoring relationship, every Big, Little, and guardian receives **professional training, support, and resources** from BBBS staff.

As a mentor ("Big"), you'll meet with your mentee ("Little") **once per week for about an hour** during the school day at the Nativity Academy.

Bigs and Littles spend time doing **meaningful one-to-one activities** that help Littles achieve academic success and improve social emotional skills.

Our proven approach promotes **community involvement, creates future leaders, and encourages healthy relationships** in the lives of both Bigs and Littles.

**INTERESTED?**
