

NATIVITY ACADEMY
AT SAINT BONIFACE

Nativity Academy Student Sponsorship Program

The Gift of Education

Your tax deductible gift of \$10,000 to Nativity Academy will provide a full sponsorship for one of our students for one year, helping to cover the costs of the academic, Extended Day and summer programs. This is the most powerful gift a young boy or girl can receive, given the impact it can have for them over time. Sponsors can be individuals, families, groups of friends, reunion classes or anyone that is interested in coming together to contribute directly to the education of one of our students.

The Gift of Friendship

As a sponsor, you will be introduced to your Nativity Academy student and will receive correspondence from your student at least three times per year which will inform you of the progress he or she is making as well as his or her challenges or general like experiences at the school. This provides a connection between the student and the donor. This along with other engaging opportunities presents an important component in the development of the character and maturity of the student, who will recognize that someone cares enough for them to invest in their future. They will be proud to share their accomplishments with you. There will be many opportunities throughout the year to connect with your student.

The Gift of Hope

By sponsoring a student, you will make a difference in his or her life. Your support will provide this student with hope and the expectations that they can succeed. Regardless of their race, religion or background, every child can achieve. Your gift will provide them with the opportunity they truly deserve.

Our doors are always open and you are welcome to visit our school anytime.
Please contact Lauren Alderman, Advancement Coordinator, at 502.855.3316 to arrange a tour.
