“...I think God knew I was supposed to be here.”
– Nativity student

This student is at Nativity Academy because generous donors saw a need and responded with love and generosity. It's not often that we can see the direct result of our giving. When you visit our Academy, however, you see these gifts turned into hope. You see students who did not believe in themselves gaining confidence in their abilities in and out of the classroom. You see students who didn't think anyone believed in them blossoming in an environment that nurtures and challenges them to be their best.

Nativity Academy at St. Boniface is an independent faith-based middle school. Our mission is to challenge our students to reach their full potential academically, spiritually and socially, so they may grow to be responsible, caring and active leaders in their families, communities and society.

We transform the lives of students who have a commitment to achievement and whose families demonstrate financial need. For the last two years, 97% of Nativity Academy graduates successfully graduated from high school, compared with the national average of only 50–60% among the population we serve.
