

ADVANCED SKILLS CLINIC

This event is designed for players who already possess basic fundamental understandings, looking for an elite workout to cover skills in defense, hitting, and agility. Our goal is to challenge players with drills/topics pulled directly from our workouts as collegiate athletes. Expect a high-energy and hard-working environment with real-time feedback from coaches. Great way to evaluate current skill set, stay sharp in-between seasons, and prepare for our **upcoming showcase event in August!**

Ally Hickman
Former Towson University Infielder

Kay Magill
Former Juniata College Infielder
