Jerry Emmett's Birthday Party!

Meet Geraldine Emmett, the 102-year-old Hillary-booster you saw — and heard — at the convention last August. We're celebrating her 103rd birthday on July 18th from 3 to 5 at the Las Fuentes Resort Village complex on 1035 Scott Drive off Ruth and just beyond the LDS Church.

We'll meet in the large meeting room in the basement level. There will be signs directing you. Plan to come and share something -- a snack or drink. We want to celebrate the founder of DWPA herself to let Jerry know how much we all love and appreciate her.

From the Chair: Kari Hull

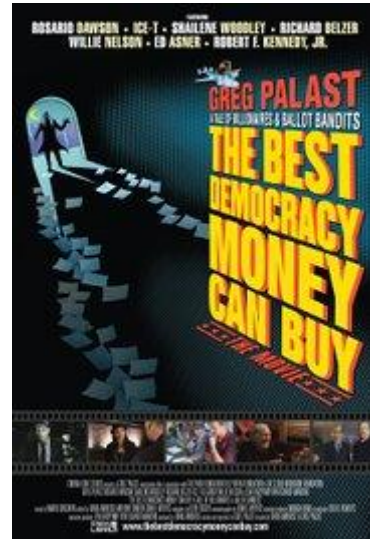

Where do we go from here?
To say this has been a difficult year for all of us is clearly understating the obvious. Since the first day that man took office we have all been working tirelessly, calling, writing letters, marching, voicing our objections in many other ways to defend equal rights, women’s reproductive rights, minority rights, environmental protection.

Now we are running the risk of losing one of the best social programs in our country, Medicaid. When you hear 'defund Planned Parenthood,' you need to hear 'defund healthcare for low-income people of all ages, races and genders.' My father and husband are fortunate enough to have healthcare coverage through the VA. It's a strong, social, health program that, while it needs improvement, works. I know because I sit in the waiting rooms, I go to the appointments and talk to the doctors.

What would be best is single-payer, universal healthcare for all with baseline coverage that every American would pay into the system. Many countries have these healthcare systems and consider healthcare for all a number one priority. So we must keep fighting for what Eleanor Roosevelt and Hillary Rodham Clinton wanted for every American, access to safe, affordable healthcare.
