From the Chair: Kari Hull

I don't know about you, but for me, to stay sane during this difficult time of our politics, I listen to podcasts that inform and inspire. Most recently, I stumbled upon a TED Radio Hour podcast titled Disruptive Leadership. I learned that the word LEADERSHIP can be intimidating to people, shutting them off from getting involved. Great leaders aren't always the loudest in the room but rather the thoughtful participants that listen and contribute in their own way like the above volunteers who stepped up during the coordinated campaign for Hillary. We have a primary election coming up in August and we need boots on the ground for **Joe Viccica and Alexa Scholl for Prescott City Council**

**Guest Speaker in July:
Candidate for Arizona
Secretary of State, Katie
Hobbs**

She graduated from Seton Catholic in 1988 and went on to get her Bachelor of Social Work from Northern Arizona University and her Master of Social Work from Arizona State University in 1995.

Katie is changing the face of local politics through identifying, training and encouraging more women to run for office. She is also a faculty member in the Social and Behavioral Sciences Department at Paradise Valley Community College and at Arizona State University. She started as a professional social worker in 1992 and prior to being elected to the legislature she worked for Sojourner Center, the largest domestic violence shelter in the United States. As

and Jean Wilcox for Mayor. Let's help get our friends who have stepped up to run for office, elected. You can be a part of something special, because now is our time. If you're ready to roll up their sleeves and help please text or call me directly to join the DWPA City Council Volunteer Team.

Kari Hull 928-899-4388
