

## Innovation Engine

With AI, Silicon Valley has been taken by storm since 2023. Based in San Francisco area, we intend to capitalize on that momentum.

## Smart Capital

Family offices around the world have grown dramatically since early 2000s. We intend to leverage smart capital from family offices in GCC and other regions to invest in next gen innovation

## Growth Markets

India (and Asia) markets are growing rapidly, and more so now with “China Plus One” strategies being adopted by many countries. It is a perfect time to invest in these new economies.
