Service Call from Shows

Hello? This is with Cutco. How's it going? Great, I'm calling about getting your knives sharpened for free like we talked about at(event). I'll be in your area and have a few spots left for sharpening, are you available during the day or only in the evening?
OFFER 2 TIMES *between 9am- 430pm during the day, *evening 5pm-8:30pm*;
* get or verify address * (what's the address?) OR (are you still @?)
Just so you know, I have appointments back-to-back because I am trying to service everyone in your area, and if you have to cancel or reschedule, I won't get credit for that appointment time, and I won't be able to service someone else who needs it. So just to double, triple check, are you absolutely sure that day @ time works for you?
Sweet, do you have a pen and paper, or calendar nearby? If you wouldn't mind putting down my name and the time I'll be there. Let me know when you're ready. Again my name is (spell it out) and I'll be seeing you @ on (Smiley by my name to remember what I look like)
Also please make a note to have all your Cutco out & ready for me when I get there; not just your knives, but also your blocks, cutting boards, gadgets, cookware, flatware, anything and everything Cutco you have.
I'll also send you an email confirmation; what's a good email to send that to?
I will inspect them & if you have any problems, help get you new ones for free, sharpen all the knives I can and at the end Cutco has me show you the new programs and products they have so you can add new items if you want to. Sounds good?
Alright, I'll see you at!
