Hormone Replacement Fee Acknowledgment

Preventative medicine and bio-identical hormone replacement is a unique practice and is considered a form of alternative medicine. Although more insurance companies are reimbursing patients for BioTE® and other bio-identical hormone replacement therapies, there is no guarantee.

Canyon View Wellness & Spa, LLC is not contracted with any insurance companies, which means they are not obligated to pay for our services (blood work, consultations, insertions or pellets). We require payment at time of service and, if you choose, we will provide a form to send to your insurance company and a receipt showing that you paid out of pocket. WE WILL NOT, however, communicate in any way with insurance companies. If you as the patient want to go through your insurance for lab work, you are responsible for any fees associated with lab work not covered by your insurance and you must obtain authorization from your insurance company to verify if your lab work is covered.

The form and receipt are your responsibility and serve as evidence of your treatment. We will not call, write, pre-certify, or make any contact with your insurance company. Any follow up letters from your insurance to us will be thrown away. If we receive a check from your insurance company, we will not cash it, but instead return it to the sender. Likewise, we will not mail it to you. We will not respond to any letters or calls from your insurance company.

For patients who have access to Health Savings Account, you may pay for your treatment with that credit or debit card. This is the best idea for those patients who have an HSA as an option in their medical coverage.
