- Second and subsequent child (preschool small group lessons) \$45 per hour (exclusive of GST)

Multiple sessions discount

- Second and third weekly lesson (one-to-one lessons) \$65 per hour (exclusive of GST)

Referral discount

- Refer an enrolment and both you and the new enrolment will receive a 10 per cent discount on the term's fees.

Genuine financial needs discount

In order to reach out to more disadvantaged students in the community, families with a current Low-Income Health Care Card may be eligible to pay a subsidised fee at the multiple sessions discount hourly rate for the whole (or remainder) of the term. This is part of our commitment towards making literacy instruction and intervention accessible to those who need it. Parents seeking fee concessions must meet with the centre director, Sandra Sartor. Fee concessions are not ongoing and are utilised for enrolled families experiencing short-term financial hardship.

Scholarship - a unique scholarship program for students challenged by financial disadvantage

When you provide literacy support, you break the vicious cycle of poverty. Young students from disadvantaged backgrounds who are supported with literacy instruction and intervention will be much more likely to complete secondary school and undertake further education after school. Two annual scholarships valued at approximately \$2800 is our part in demonstrating our belief that financial hardship should not be a barrier to any child who is striving hard to reach the best version of him/herself. For information regarding eligibility criteria, please speak directly with the centre director, Sandra Sartor.
