Why a “Non-Tryout”/ Open House

Instead of “Tryouts” we have found that our process is a better way to evaluate current and prospective players, we feel that having a “non-tryout” will reduce the anxiety and hype created from the traditional tryout process which is ineffective at truly evaluating players.

Our process:

Players will be asked to attend at least one of our “Non-Tryout” dates for their age group. There we will meet players their families and answer any questions you may have about our program. Initially players will be evaluated during activities at our “Non-Tryout”. Players will then be invited to attend practice with their prospective team where they can meet the teams coaches, and players. This will provide us with a better way to evaluate the player in the “true” environment where they would be playing and see if its a good fit for all.
